

# RHYTHM

The Annual Magazine  
2023-24

## Late Shri Ch. Kishan Lal Ji

(17/07/1910 - 15/12/1988)

David School was born in the year 1992 and established itself as an institution deeply rooted in Indian tradition and values. The school was laid down in the memory of Lt. Shri Kishan Lal Ji and 'the spirit and the soul' of the institution planted a sapling with a vision to see it grow luxuriantly bent with beautiful flowers and fruits. As envisaged, the school has progressed by leaps and bounds under the statesmanship of our dynamic manager Shri Ramvir Singh and the diligent efforts of the staff. The school began its journey of a thousand miles by starting with four rooms.

The school has a vision to provide qualitative education, to lighten every house where all are educated.

Keeping in mind the vision, the school has now achieved a milestone. It is a co- educational school recognized by the Directorate of Education, Delhi Administration and is affiliated to the Central Board of Secondary Education.

As Albert Einstein said, "Education is not the learning of facts, but the training of the mind to think." Similarly we at David energise and excite the brain of the young minds to invent, to discover and to add to the body of knowledge by making a simple fact a research to help humanity. We strive to create geniuses and make life a constant adventure.

In the quest for knowledge, students are provided with ample opportunities to develop their talents and helped in the development of an integrated personality imbued with a sense of duty and service. We ask our students to look for beauty in every experience, follow it up, enjoy it and make it lead you to your dream.

## **Dr. Seema Chaudhary** (Founder Principal)

In Everlasting Memory of A Woman Known For Her Vibrant Smile And Honest Hardwork...

A passionate advocate for our students and staff, she was like a towering tree planted by streams of water which yields its fruits in season and whose leaves do not wither whatever the season, braving each stone and tempest and standing tall throughout.

The school is a living model of the rich legacy left behind her. Her foray into education had just one aim to enlighten young minds for the growth of society and nation. She was a true visionary, focused and generous.

The lamp of learning lit by our Founder Principal will continue to rekindle the flame of her contribution and commitment towards the progress of school.

We solemnly pray to God to rest her noble soul in eternal peace, though no words can fill the void by her sudden loss.

‘Your Presence We Shall Miss’

‘Your memory we shall always treasure’.

It gives me immense pleasure to learn that David Model Public Junior High School, DLF Ankur Vihar is bringing out it's Annual School Magazine 'RHYTHM' for the session 2023-24.

School Magazines are an appropriate forum for documenting the achievements of individual Schools as well as an avenue for creative expression by students.

The noble work being done by the School will definitely earn recognition and patronage from the people. I hope the School will continue to spread the light of true knowledge and value based education to the students in the years to come.

My good wishes to everyone at the School.

Thank You.

# MANAGER'S MESSAGE...

It is with great pleasure and a sense of pride that I address you as the Manager of our esteemed institution through this message of our School Magazine, 'Rhythm'. As we navigate through another academic year filled with challenges and triumphs, it is essential to reflect on the remarkable journey of our School.

Firstly, I want to extend my heartfelt Gratitude to the entire school staff, students and parents for their unwavering support and commitment to the pursuit of excellence. Our collective efforts have allowed us to create an environment that fosters not only academic success but also personal and character development.

In the face of any unprecedented circumstances, our school community has demonstrated remarkable strength, coming together to overcome obstacles and continue providing a high – quality education to our students.

Our commitments towards academic excellence is remarkable and I am delighted to witness the outstanding achievements of our students. For Academic accolades to Artistic endeavors, Athletic triumphs to Community service initiatives, our students continue to showcase their talents and dedication to becoming well round individuals.

As we celebrate these achievements, let us also acknowledge the importance of fostering a sense of community and inclusivity within our School. Our diverse students body and dedicated staff contribute in creating an environment where every student feels valued and supported.

Looking ahead, I am confident that our School will continue to thrive and evolve. We are committed to providing innovative and engaging educational experiences that empower our students to face the challenges of the future with confidence and resilience.

I encourage everyone to actively participate in various events and activities planned for the upcoming academic year. Let us continue to collaborate, learn from each other and celebrate the successes that make our school community truly exceptional.

Thank you for being an integral part of our School's success story. Together, we will continue to nurture an environment where knowledge, character and community spirit flourish.

Wishing you all year filled with growth, achievement and joy.

Best Wishes

**Mr.  
Ramvir  
Singh**

# MANAGING DIRECTOR'S MESSAGE...

“A magnetized piece of iron will lift about twelve times its own weight. But if you demagnetize this same piece of iron, it will not lift even a feather. In the same way, there are two types of people. Those who are magnetized are full of confidence and faith. Others, so many others are demagnetized. They are full of fears and doubts.”

The above words quoted by renowned author Dr. Joseph Murphy illustrate a lot about the kind of insecurities we have in the world today. Too often we get stuck in a limbo of talking about or dreaming about beginning a project instead of just getting started. It is the fear of failure that makes us come up with excuses but it is okay to make mistakes. You'll never grow if you don't get started and make mistakes along the way. We must not fear failure. In fact, failure is the first step towards achieving success.

Whenever I come across the little Davidians doubting their abilities, I make them sit and think about how far they have come from the time they began to sit as an infant and how many times they fell down before taking their first step. I know it is important to compete with the world but nothing is more significant than being healthy and happy.

The most wonderful thing about learning is that no one can take it away from you. Children must open their wings and fly in any direction that they like. They just need to fill their minds with positive energy. They must believe that they can and they will attain success.

A child is a powerhouse of curiosity. Thus, we ought to create an environment which inspires learners to eagerly look forward to their classrooms, where their interests are nurtured and where they will envision a glorious future. We must aspire to make them morally courageous to soar into the sky with confidence.

All of the above is only possible with the support of our Parent community and with the sheer hard work of our most valued Teachers.

I am ecstatic that a new edition of our school magazine “Rhythm” is out now with the brilliant efforts of our Editorial team. I am pretty sure that we have outdone ourselves this time with many worthy articles. I hope that this latest edition of the magazine will turn out to be pure gold. I would like to conclude my words by the following quote.

“In a world where you can be anything, be kind.”

With Best Compliments

**Mr.  
Deepak  
Chaudhary**

# HEAD MISTRESS'S MESSAGE...

I am delighted that a new edition of our Annual School Magazine “Rhythm” is out now for the readers. I extend my sincere gratitude to the students and teachers associated in bringing the new edition. It is fascinating to see the work of my dear students through this magazine. It is heartwarming to read some of the thought provoking articles written by the students.

Education is the foundation on which a person’s future is built. David school makes every effort to ignite the flame of knowledge through its continuous efforts towards education. We acknowledge and aim to foster students’ diverse physical, social, intellectual, artistic, and cultural capacities by making learning engaging, relevant, challenging, and significant.

“Children should be taught how to think, not what to think” needs to be put into practice to form children with innovative minds excel in various fields. Teachers, educators, and parents must encourage children to think for themselves, follow their interests and explore ideas that inspire their curiosities.

This year, we organized a school fair after a long time. The enthusiasm of the students transcended my expectations. The various Exhibitions gave an opportunity to the students to showcase their skills. I am sure that the students learnt valuable lessons through such events. We look forward to organizing many more such events which inculcate a sense of pride in the students.

Our school magazine presents a glimpse of the year’s activities. Through this, everyone gets an opportunity to know about the features and achievements of the school. It provides a unique opportunity to hone the talents of children.

I would like to thank all the students and editorial team who were involved in the writing and publishing of the magazine.

Best Wishes

**Ms.  
Bharti**

# EDITOR-IN-CHIEF'S MESSAGE...

I take immense pleasure in conveying my heartfelt greetings to all of you and the Editorial team of "RHYTHM". School magazine always portrays thoughts, ideas, creative writings, dreams and aspirations of young minds and it is a medium that provides exposure and freedom to express your views. I congratulate the efforts of the team in compiling and unleashing the hidden potential of the students and making this magazine meaningful and purposeful.

"Rhythm"- our Annual Magazine has always provided a platform to the students to nurture their writing skills and to exhibit their talent. Through this magazine, the students have made conscious efforts to express their opinions and ideas in a wonderful manner. It marks our growth, unfolds imagination and gives life to thoughts and aspirations. I congratulate the entire Editorial team for their hard work and dedication which has resulted in the publication of the magazine.

Through my personal experience, I can vouch for the fact that reading plays a significant role in developing the inert minds of human beings. Children must form the habit of reading books from a tender age. As Ernest Hemingway rightfully said, "There is no friend as loyal as a book." Books really are your best friends as you can rely on them when you are bored, upset, lonely or annoyed. They will accompany you anytime you want them and enhance your mood. Good books always guide you to the correct path in life. Reading improves your vocabulary and develops your communication skills. It helps you develop positive thinking. Reading is important because it develops your mind and gives you excessive knowledge and lessons of life. It helps you understand the world around you better. I urge all the students to develop the habit of reading in your formative years. Not only does it improve your communication but it also makes you a better writer.

It has been an assiduous undertaking to bring this edition of the school magazine to where you, dear readers, are able to relish it in its present form. It is a surreal feeling to finally bring out this edition in front of the readers. This would not have been possible without the tremendous efforts of our Editorial team which includes our Senior In-charges, Teachers and Students. I would extend my sincere gratitude to each one of you who contributed in making this edition a success. I hope the readers enjoy this particular edition of "Rhythm".

Happy Reading!!

With Best Wishes

**Ms.  
Vineeta  
Chaudhary**

# SCHOOL HYMN

**All things bright and beautiful,  
All creatures great and small,  
All things wise and wonderful,  
The Lord God made them all.**

**Each little flower that opens,  
Each little bird that sings,  
He made their glowing colors,  
He made their tiny wings.**

**The purple-headed mountains,  
The river running by,  
The sunset and the morning,  
That brightens up the sky.**

**The cold wind in the winter,  
The pleasant summer sun,  
The ripe fruits in the garden,  
He made them every one.**

*message...*

## Deepika

MBBS from UCMS GTB Hospital, Delhi,

I studied in David School from class Nursery. I have a lot of good memories of my school. I always had a dream of getting the attention of my teachers. I have fond memories of Ramvir Sir, Principal Sir and I thank them in showing me the right path in life. The foundation of my career started through my school. The infrastructure, faculty members, ambience and especially teachers have a great role in shaping a student. Our Ramvir Sir (Bade Sir) is such a genuine person. I would also like to mention Prabhakar Sir (Physics) who believed in me. I believe not only your hard work but also everyone at your school play a great role in your achievements. Furthermore, everyone has a special talent.

Do not copy others. You should always believe in your inner strength. Focus on your target and achieve it. At last, it is not about the hard work of one day but a continuous effort given by you on the regular basis.

## Govind Raj

B.Tech in Delhi, Technological University (Electrical Engineering)

I still remember my state of ignorance during class VII. I only studied to pass but when my younger sister got 8th position in class and I got none then I became determined to study hard and get my name on board. I am also thankful to David School as they inspired me to work hard to achieve success.

I owe my success to David School. From faculty to infrastructure, from academics to extra curricular. It is a full package that I can recommend to any one.

## Ayush Gupta

B.E. from Netaji Subhash Institute of Technology, Dwarka, Delhi

The journey with David School has been emotional, unforgettable for me and zipping it into few words is never going to be easy. When I joined the school, I was very crystal clear with what I wanted to achieve in next two years of my life. But it was the effort of dedicated teachers and staff members who helped me in achieving that. Right from quality teaching by Prabhakar Sir, Mahakant Sir, Devendra Sir, Gaurav Sir; continuous feedback from Ravinder Sir, motivational sessions from Seema Ma'am and constant support from Ramvir Sir. Everyone helped me in moving towards the right direction.

As a result of all that, I not only secured good marks in board examinations but also secured good AIR (General) in JEE Advance Examination as well as JEE Mains.

Currently I am pursuing B.E. from Netaji Subhash Institute of Technology, Dwarka. That confidence and the motivation to do well is still there in me and here I am among top scorers among my college peers. In fact I am the founder and president of one of the best Technical society of our college "The Debugging Society" which was recognized officially within one year of its inception and aims at teaching college students topics like Android Development, Machine Learning etc. At last a message to all my dear juniors. Hard work is a vector quantity i.e both the magnitude as well as the direction matters Also take your studies as a fun activity not as burden, you will obviously enjoy it and most importantly keep respecting your teachers.

## Harsh Kasana

MBBS - Maulana Azad Medical College

It has indeed been an unforgettable journey which will remain in my heart forever. My school life was filled with lots of excitement and love. It made me understand the value of time and became a wonderful chapter in my life. It is definitely the period where I found myself and learned a great deal about myself.

## Priyanka Dedha

BSc. from Daulat Ram College, Delhi University

Everybody who got anything out of school has a favourite teacher. A person who drew out hidden qualities that you, in your ignorant youth, didn't even know were qualities. More often than not, those favourite teachers stood apart from their peers in big ways that may have, at the time, seemed small—they thought creatively rather than just being slaves to that dictatorial beast of education we call pedagogy. And often, they were just a little...odd. They took a chance on us because they believed we could make it in the world, and that belief can make all the difference and my whole journey as a Davidian was really superb and for all that I just would like to thank to each & every person who was a part of David.

## Anuj Nagar

(B.Tech), Graduated from Delhi Technological University (DTU)

I cherish my days in David School.

It was a journey which has enhanced my personality and groomed me at many phases. It is here I felt love, care and guidance from my teachers. I wish to be here again but then not as a student, as a guest. I am going to work hard to turn up this in reality and make my teachers proud.

## Arun Kumar

MBBS from VMMC Safdarjung Hospital, Delhi

It is seriously very hard to describe DAVID in two-three lines. A lot of emotions are attached here. That awesome feeling whenever we used to be with our respected BADE SIR, RAVINDRA SIR, GURU Ji's surprise visits, morning assemblies, our very strict but sweet PTI BABITA MAM, all our respected teachers I guess it was amazing. There are many schools in India, but for me being a DAVIDIAN was like a family, will always love to be a part of this family. This place has helped me grow a lot. Thank you for this initiative, it has been a long journey since then.... Still miss those days.

## Vikas Aggarwal

Chartered Accountant, Delhi

I'm greatly privileged to communicate with you through this medium. I'm very thankful to Ramvir Sir to give such a good platform to us which helps in paving a good path for our career.

Please note that there is no shortcut to success. The secret to achieve your goals is to come out of your comfort zone.

Further, be realistic and have a positive attitude. This would spark extraordinary outcomes for you.

Last, but not the least, persevere, stick to your goals till you get there!

## Aarohi Kasana

Lady Hardinge Medical College Delhi (2019-20)

It is an honour for me to write this appreciation for my school. I would like to thank all my mentors at David Model Senior Secondary School who held my hand and made me. This school taught me to be confident. In my NEET preparation, Physics the toughest subject was made very easy and so understanding by Mayank Sharma Sir. There have been times when life was difficult and all the teachers have taught me to fight in difficult time.

## Harsh Vardhan

MBBS Armed Forces Medical College, Pune

My two years at David Model Senior Secondary School taught me the values of hard work, determination and discipline that helped me get to my dream college, Armed Forces Medical College, Pune. Not only the skills and exposure I received during my school years will help me excel in college academics, it will also enable me to serve the nation and its citizen as commissioned officer in the Army Medical Corps. This institution instilled in me a patriotic spirit for my Nation and a desire to serve my people in the noblest way possible. I want to convey my thanks to the School Management, teachers and classmates for guiding through this journey.

## Mukti Sharma

S.N. Medical College, Agra (MBBS)

It has almost been 3 years since I left the David school but it still feels like my second home. I remember all the unforgettable memories that made the 8 years of school journey so beautiful. The best part of my journey was the bonding between us and the teachers. I can't forget the day of our farewell, 07.02.2020 when Honourable MD Sir bid us saying that he was bidding farewell to his daughter." Principal Sir has always been a mentor and motivator. "Dear Mukti Beta may you find what you seek in these pages" written on the first page of book he gave to me, is no less than a blessing. Teachers of our David family have always been a constant supporter, appreciator and above all well-wishers. Apart

from the things that I could learn from the opportunities given in co-curricular activities, the value of discipline I've learnt here is going to stay with me for a lifetime. While writing this down I walked through the memory lane of School and cherished so many moments. Words would fall short in writing all of them.

"I am grateful to all the teachers and staff of David School for their constant support. Their blessings have played the important role in leading me to where I am." A message to all my juniors-

"Attending school daily, following rules and discipline, getting scolded and having so many co-curricular activity might seem losing to you at times. But these are your toe learning days. You are being trained for the world you'll face after you pass the school. Make sure you learn and enjoy every bit of these golden years of school life."

## Aman Jha

Chartered Accountant, Delhi

"Unlocking Success: How My Parents, Teachers and School Management Paved the Way"

As a Chartered Accountant, I have been fortunate to enjoy a successful and fulfilling career in finance. However, this journey was not just about hard work and dedication, it was also about the support and guidance of the people who helped shaping my life. I owe my success to my parents, teachers, and the School Management, who believed in me and provided me with the foundation I needed to pursue my dreams.

My parents, who always encouraged me to strive for excellence, instilled in me the importance of hard work, integrity, and determination. Their unwavering support and belief in me gave me the confidence to pursue my passion for finance and helped me overcome the challenges that came my way. My teachers, who were not just educators but mentors, played a significant role in shaping my career path. They provided me with the knowledge and skills I needed to succeed, and their guidance and support helped me achieve my goals. Their passion for teaching and their commitment to their students was truly inspiring and has had a lasting impact on my life. The school management, who always encouraged students to strive for excellence, provided a supportive and enriching environment that allowed me to grow and develop my potential. Their dedication to provide quality education and resources were instrumental in helping me to reach my goals and I am grateful for the opportunities they provided me. Fortunately, I am proud to be a Chartered Accountant and I am grateful for the support and guidance of my parents, teachers, and school management. They have been a crucial part of my journey to success and I will always be thankful for their contributions in my life. I hope that my words will inspire my juniors to seek out the support and guidance of the people around them and to never give up to achieve their goals.

## Lakshay Kaushik

MBBS (Babasaheb Bhimrao Ambedhkar Medical College, Rohini, Delhi)

First of all, I am grateful for my life and destiny for bringing me to this school. Here the beautiful experience with teachers and students is something that money can't ever buy. David Model Senior Secondary School played a great role in making me capable to reach my goal! Thank you for being our second parent. This school set me and moulded me to live up to my dreams. Honourable MD Sir, Principal Sir, Vice Principal Sir and all my respected teachers. Thank you for helping me to shape my future and giving me wings to fly high in life.

## Shalu Sharma

Uttar Pradesh University of Medical Science, Saifai

Studying in David Model Sr. Sec. School was like an honour to me. The faculty and the atmosphere of studies here, is really impressive. Teachers like Prem Sir who taught me Maths made every mathematical problem effortless and also I would like to mention our respected Mrs. Seema Mam our biology teacher, she is the best in the biology. Need to mention our special teacher Mr. Nitin Sir who made Chemistry so easy. The faculty of our School is very supportive and always try to deliver their level best in favour of students. Overall it is one of the best schools I have seen in my life. I consider myself fortunate that I was a part of this School.

## Surabhi Sarada

Chartered Accountant

It is a great honor for me to share with you all that I have cleared all the levels of CA in my first attempt. This school played a very important role in my life in achieving this milestone as This School has imparted me the basic foundation of knowledge to achieve my goal. This is the best school for number of reasons! The teachers are extremely helpful and cooperative. They try to get the best of the students by placing due focus on extra-curricular activities along with the academics. The opportunities one can get here are uncountable. This School provides for the overall growth of a student in a competitive environment. I am extremely grateful and would like to give the credit of my achievement to my school because "Strong roots produce beautiful leaves" and the roots for me to become a CA is, was and will be my School.

## Tanisha Mittal

Lady Hardinge Medical College, Delhi

My name is Tanisha Mittal. I had joined David School in the year 2020. The two years of my life here was very fruitful and I really feel lucky having been part of it. Despite the hard times going on then due Covid-19 pandemic, the faculty was very good in teaching and guiding me in my journey to clear Board Exam and NEET. Today, being in Lady Hardinge Medical College, I can proudly say that I am an Ex-Davidian.

## Utkarsh Pandey

B.Tech from Netaji Subhash University of Technology, Delhi

Myself Utkarsh Pandey, I became Davidian in my 9th class. On the very first day, I was afraid about how I will handle this journey but with the teachers, my Journey became enjoyable. Right from Class 9th, Maths became my favourite subject and credit goes to Sanjay Sir and Prem sir, and also Mayank Sir. Himanshu sir's NCERT coverage for integration is unmatched. In short, I would like to say that David School played an important role in shaping my career from the CBSE to IIT.

## Shweta Rawat

TGT- Physics, Florida

I am feeling overwhelmed at this moment. This school has given me everything that one can think of. In terms of values, education, discipline and empathy from teachers no one can ever beat David Model Senior Secondary School. This school has made a positive difference in my life. I would specially like to thank and give my regards to Mr. Prabhakar Pandey Sir who was our physics teacher. He had blind faith on us. He is the true definition of how ideal teacher should be like. I am also following the path shown by him. Wherever I will go in my life the ethics, moral and integrity which I have learned from this school will be with me forever.

## Himanshu Chaudhary

B.Com (Honours) from Delhi School of Economics (Delhi University)

I never wanted to be a Davidian, but today I feel lucky that I was and still am a part of David. I was a student of David Model Senior Secondary School with commerce stream and I completed my schooling from here in the year 2015. David helped me achieve my biggest dream, Shri Ram College of Commerce! David gave me the opportunities to develop myself which I did not get earlier in my life and more importantly it gave me the confidence to exploit those opportunities to the fullest.

Today I'm a completely different personality altogether, I'm trying to balance different virtues of life. I'm leading a team of 200 people with me. I'm dealing with top corporate people. I'm dealing with famous celebrities. I'm having meetings with top politicians. I'm organising seminars and events with a footfall of approximately 5000 people. I'm shaping myself and the team I work with and the roots of these leadership skills are grounded in David. It was David only where I got the opportunity to stand and speak in front of a mass for the first time. I might not have achieved some thing very big, but my school, my teachers, and the entire David fraternity helped me achieve what is the biggest thing for me. I would like to thank Ramvir Sir, Ravinder Sir, Seema Ma'am, Praveen Sir, Namita Ma'am and all the teachers who helped me become a better person and this is not the end of the story. I hope I will have the opportunity to share my bigger achievements with my David family with their blessings in future.

## Ashish Jaiswal

B.Tech from IIT Delhi

It is a privilege that I was asked to write few lines for all of you reading this. It is not much of a success in my opinion but still it was hard to achieve and David played a great role in making me capable to reach my goal. I sincerely thanks to all the faculty for all their efforts which are being reflected in me now.

No matter what is success for you but these features will play a key role in helping you achieve it:-

- Find your goal and stick to it. Many people like you stop in between their path to success, thinking it's not possible for them to achieve it and that's where they are wrong. Believing in yourself and being focused to your goal keeps you one step ahead of people doing the same.
- Be honest to yourself and keep making efforts regularly. A regular practice is always better than last moment preparation. Not only does it give a feeling of satisfaction but also confidence in yourself.
- Your efforts can never be enough. Everyday ask yourself "Was it enough? What I had been doing or what will I be doing in future to achieve my goal? Will that be enough?". I say "it will never be". But these efforts can be more than the efforts of other people which will help you in outstanding them.
- Finally work hard till you achieve success for yourself and you will be soon sharing your experience with other people (which is the best part of it).

## Nikhil Kr. Galiyan

Pursuing MBBS from Dr. Baba Saheb Ambedkar Medical College And Hospital, New Delhi.

Myself Nikhil Kr. Galiyan currently pursuing MBBS from Dr. Baba Saheb Ambedkar Medical College And Hospital, New Delhi. I feel very proud to be a student of David Model Senior Secondary School. My veins are filled with nostalgia when I think of my school. It gives me immense pleasure to ink my emotions for a place that I wish I could go back... It is not just a school but a family where the teachers and staff have been always there with me. Teacher is the life-giver of the child. In my life also, the school and teachers have made an unforgettable contribution, for which I will always be grateful to them. The teachers here are truly ideal. They treat us just like their kids and are always helpful. They inspired me, pushed me and most importantly, believed in me.

I am very grateful to the David school family for accompanying me throughout my journey. I beam with pride and am humbled with gratitude. I thank you to all the teachers, Principal Sir, Vice Principal Sir and all the Staff for the immense support and knowledge I learned from them.

## Deepak Rajput

Pursuing MBBS From Bareilly RMRI, ROHAILKHAND UNIVERSITY.

It was a wonderful journey I can't forget those golden days of my life. My school life was filled with lots of excitement. My Respected Teachers who guided me at each and every step and made me understand the value of time and became a wonderful chapter in my life. It is definitely the period where I found myself and learned a great deal about myself.

## Ankita Tiwari

Food Safety Officer (Group A, Gazetted), Department of Health and Family Welfare, Government of West Bengal

My school life was certainly a learning experience. My teachers inspired me and pushed me to attain my best which is a big chunk of what I am today. Most significantly, it is the place where I recognised my individuality and uniqueness.

## Dhruv Raj

Motilal Nehru College, Delhi University

School will always have a special place in my heart. Praveen sir has guided me throughout my journey. His words of wisdom will always be in my mind. I take pride in being an alumni of the school.

## Anubhuti Singh

Unfold Mart, Account Manager cum Content Writer

I'm grateful for my school's support and inspiring environment, fostering both academic and personal growth. I would like to extend my thanks to our Managing Director Sir, whose vision and leadership is an inspiration to all of us and to my favourite teacher Savita Vohra Ma'am for always motivating and believing in me. Thank you for shaping my future and creating lasting memories.

## Nipul Kumar

Municipal Corporation of Delhi, Education Department, Primary Teacher

The school provided me great opportunities to explore myself and boost the confidence and skill for the world outside and be a responsible person in society. I miss my school days very much and hold a valuable place in my heart for those memorable days.

## Satyam Kumar Mishra

Cognizant Technology Solutions, Senior Software Engineer

Reflecting on my time in school, my school years were transformative, shaping not only my academic pursuits but also my character and values. From the moment I stepped through the gates of my alma mater, I was enveloped in an environment that fostered curiosity, critical thinking, and personal growth. The school provided me with a rich tapestry of experiences, from engaging classroom discussions to thrilling extracurricular activities. It was within these walls that I forged lifelong friendships, learned the value of teamwork, and discovered my passions. The dedicated teachers and mentors played a pivotal role in nurturing my talents and instilling in me a sense of confidence and purpose. Beyond academics, my school instilled in me a strong sense of social responsibility and compassion for others. Through community service projects and outreach programs, I learned the importance of giving back and making a positive impact on the world around me. These experiences cultivated empathy and resilience, shaping me into a more well-rounded individual. Looking back, I am grateful for the ways in which my school has shaped my life and prepared me for the challenges that lie ahead. The lessons learned and memories created will always hold a special place in my heart, serving as a constant reminder of the transformative power of education.

## Kunjika Upadhyay

The Institute Of Chartered Accountants Of India, Chartered Accountant Final Student

First, I would like to thank you for this opportunity. David school is an integral part of my life. I spent more than 10 years in school and had been a bright student throughout my school journey. I got 10 CGPA in X class and 92% in XII class. Praveen Sir has really inspired me to opt for the toughest course i.e. CA, and I am really thankful to him. Currently, I am pursuing a Chartered Accountancy course at final level from the Institute of Chartered Accountants of India and have completed my graduation of B.com Hons. from University of Delhi.

## Kshitij Das

IIT Guwahati , Bachelor Student

David School has been instrumental in shaping my journey with its dedicated teachers, diverse extracurricular activities, and strong sense of community. The teachers' unwavering support has fueled my academic growth, while the array of activities allowed me to explore my interests and forge lasting friendships. What sets David School apart is its inclusive environment, where every student feels valued and supported. It's more than just a school; it's a nurturing community that celebrates diversity and encourages individuality. I am immensely grateful for the invaluable experiences and memories David School has provided me. Thank you for preparing me for the future and for being an integral part of my personal and academic development.

## Nayab Anwar

Rentomojo, Senior Software Engineer - Mobile

Reflecting on my years at David, I am grateful for the nurturing environment that encouraged both academic and personal growth. The dedicated teachers, diverse opportunities and strong sense of community made my journey memorable and impactful. Thank you, David School, for shaping me into the person I am today.

## Vikas

Institute of Chartered Accountant of India, Article ship

If I had not gone to this school, I would never have reached this position, right now I am in CA final doing Article ship, So thanks David School and special thanks to Praveen sir and Himanshu Sir.

## Sarthak Dixit

Delhi State Rifle Association , Coach , Delhi State Shooting Team

“It was a great experience to be a part of this prestigious school. Where I got my lifelong friends, great teachers who sculpted me from a young brat to a responsible & professional person and all those numerous memories.”

## Gunjan Sharma

Directorate of Education, Delhi , TGT Natural Science

I am extremely delighted to share my experience with the school. This school has been my foundation stone and I am so lucky to be an alumna of the same. I am truly indebted to Sh. Ramvir Sir, the creator, who made infinite dreams of students to reality by bringing them to such amazing school and mentors. There are numerous schools in this area but when it comes to quality education the only name on everybody's minds is David Model Sr Sec School. That is the kind of reputation that this school has got with unmeasurable efforts by the MD sir, Incharges and the Staff who work round the clock for making everyday a better one for all the students. I would like to specially mention that in this area, which is not so urban and facilitated, this school gives competition to the reputed schools of the posh area of Delhi. This school has given wings to my dreams since the moment I held a pencil in my hand, had performed on the stage, participated in curricular as well as co curricular activities, David School has provided a superb level of exposure. School, teachers, they are not just there to teach students but to transform them, to be a better human being and that is what this school has done to me including hundreds and thousands of buds who blossomed so well. It's been 22 years but I can totally relive the time under the supervision and core support of our Manager Sir Sh. Ramvir Singh (Bade Sir) with our amazing teachers like Ravinder Sir, Gaurav Sir, Ashok Roy sir, Shyamalata Mam, Jagmilan Sir to name a few gems. These teachers, in those times where the computers contained MS Dos and entering one command was our greatest achievement, these personalities developed us in such a beautiful way. They carved us all to be what we are with their consistent guidance and value education. The kind of exposure that we had here made the way too easy to climb up be it the next school or college. Words and thoughts are endless as David is my alma mater and I am proud to be an Alumna of this school.

## Dhruv

Medical student at Dr. BSA medical College, Delhi

"I, Dhruv, a medical student at Dr. BSA medical College, Delhi was once a student at David school too.

David school played a crucial role in helping me achieve my dreams of becoming a doctor by providing a supportive environment, excellent resources, and dedicated teachers who encouraged and guided me every step of the way. From offering challenging courses that expanded my knowledge to extracurricular activities that helped me develop important skills, my school equipped me with the tools I needed to pursue my ambitions.

The teachers and principal of David School played instrumental roles in helping me to clear the NEET exam They provided invaluable guidance, mentorship, and support throughout my academic journey. Teachers not only imparted knowledge but also encouraged critical thinking, creativity and problem-solving skills essential for success in any career path. They went above and beyond to offer personalized advice, recommend relevant courses and connect me with opportunities such as seminars, workshops and competitions to enhance my skills and experience. Additionally, the principal fostered a positive learning environment, promoted the culture of excellence and advocated for resources that enriched our educational experience. These are the efforts of my teachers and Incharges that I am pursuing my medical journey.

Things have changed, a lot!

## Pawan Singh Dangwal

Deloitte USI , Quality Assurance Engineer

“Dear David Family as an alumni of David, I am filled with a deep sense of gratitude and nostalgia as I reflect on the transformative journey that began within the walls of our beloved institution.

My time at David Model Public school was a time of growth, learning and unforgettable experiences, While I discovered my passions, honed my skills and formed lifelong friendships that continue to enrich my life to this day. The lessons I learned from our dedicated faculty, the camaraderie I shared with my peers and the values instilled in me by our alma mater have shaped the person I am today and for that, I am forever grateful.

As I journey through life beyond the halls of school, I carry with me the lessons and memories that have become an integral part of my identity.

I am constantly reminded of the importance of integrity, compassion, and resilience—the values that define our school and its community. These values serve as guiding principles that continue to inspire me to strive for excellence in all aspects of my life. I am also deeply grateful for the unwavering support and encouragement I have received from the school, both during my time as a student and in the years till now. Whether it was through mentorship, networking opportunities, or simply words of encouragement, I have always felt a strong sense of belonging and connection to my alma mater.

As an alumnus, I am committed to giving back to my School in any way I can. Whether it is through volunteering, supporting initiatives that promote diversity and inclusion.

## Savika Kandpal

Nestle India , Associate – Taxation

My school life at David has been a journey of discovery, transformation and self-growth. I joined my very first school back in 2007 and since then I have witnessed all the great moments of my entire school life here only until I completed my high school education in 2019. This school has played a pivotal role in shaping my persona, building ethics and providing us with a strong foundation for success. I have always been an academically inclined student, but the faculties here never failed to make sure that we are indulged in a perfect blend of academics and Co-curricular activities, from the very beginning until the end of my school life which really helped me to excel in creativity as well. The lessons learned, both inside and outside the classroom, created a solid foundation for personal and professional success. I pursued commerce in high school and would always be grateful for being taught by an incredible teacher, “Mr. Praveen Kumar Jha Sir” who worked so hard with us till we triumphed in our 12th board results. Without his reliable support and guidance, I would not have scored 91%, having 97 marks in economics in the CBSE board results. Post completing my education from school, I pursued my graduation in Bcom. (HONS) from Maitreyi College (DU), considerably one of the greatest colleges in South Campus, I decided to sit for campus placement at my college and fortunately I got placed at a renowned FMCG company “Nestle India”. Currently, I am working as a tax analyst in indirect taxation. It has been more than 1 year since I am associated with nestle and believe me, I am the youngest here working independently at an MNC at the age of 22 years. I always look back on my school life with fond memories and a sense of pride in what I have accomplished so far.

## Kartiki Verma

Ph.D. Scholar at Delhi School of Economics and Assistant Professor at Delhi Technological University

I spent a memorable time in David School. The list of experiences is very long. Starting from the time, when I took admission in 11th standard to the time when I became a student of academic excellence and the topper of commerce stream by the end of the journey. The school gave me a learning environment and experienced faculty who taught me many life lessons not only in terms of studies but also in terms of practical knowledge which helped me to face some of the roughest patches of life with strength and determination. Looking back, I realize that the best thing that I got from school was the right direction to choose my career. The constant support from my teachers developed interest in me to pursue Economics and gave me a sense of purpose and direction in life. During the school tenure, I made so many friends and some of them are still my best friends. I can also say that I got friends for eternity. It may seem spending only a couple of year in the school but no doubt it was one of the best times of my life.

## Deepti

Centennial School , French Language Trainer

My time at David Model Senior Secondary School was the epitome of my best life and also amazing. From the nurturing guidance of dedicated teachers to the camaraderie shared with fellow classmates, every moment was enriching. Through engaging lessons and interactive activities, I learned invaluable lessons that extended far beyond the classroom. The experience not only provided me with a strong academic foundation but also fostered personal growth, resilience, and a lifelong ability to face everything difficult that comes my way. I am grateful to have learnt a lot from this faculty and my respected teachers.

## Anjali Tiwari

R.N. Marwah & Co. LLP , Article Assistant

I feel very privileged to complete my schooling from David Model Senior Secondary School. I am grateful for the immense support, I got from my teachers throughout the school life. Whatever steps I have taken today towards my career, it's all because of guidance and inspiration provided by them. I really feel thankful to everyone the way I was nurtured. I wish good luck to the coming generations of David to excel in their life.

## Mayank Gupta

Lodha & Co , CA Finalist - Working as an Article Assistant

David School will always hold a special place in my heart. It has played a significant role in shaping me into the person I am today. I spent my formative years at this school, from nursery to 12th grade, with the exception of 7th grade. The transition from the old building to the new one was a memorable experience that I will always cherish.

Our MD Sir (Ramvir Sir) was instrumental in instilling discipline among the students, which has contributed to the success of many alumni. I have fond memories of several teachers who played a crucial role in my personal growth. Some of them include Kamlesh

Jha Sir, Shravan Sir, Digpal Sir (one of my favourites), Jyoti Gandhi Mam, Namita Mam (who is incredibly loving), and Praveen Jha Sir (my all-time favourite).

While I was always a diligent student, I struggled to score above 90%. However, everything changed when I met Praveen Kumar Sir in 11th grade. He identified and rectified my mistakes like no one else had before. Though I felt intimidated by him, I deeply respected him. His teaching methods and emphasis on practicing mock tests helped me improve significantly. Thanks to his guidance, I scored 94% in 12th grade.

Today, I have cleared two levels of CA examinations - CA Foundation and CA Intermediate - on my first attempt and I am employed at one of India's top 10 CA firms. David School not only helped me excel academically but also instilled values that have guided me through life's challenges. It is where my journey towards success began, and for that, I will forever be grateful.

Lastly I want to mention a constructive feedback too - I feel David School should also got to recognize in other extra curricular activities too apart from studies. Like in sports. Music etc.

## Kapil Pandey

FCM Travel Consultant, Senior Travel Counsellor

“School Life is the best time of our life as we make new friends, learn new things and build our career there. School time is the only time which we enjoy most and when we enter college, we always miss our school life. School life teaches us lots of new things and prepares us to face all the challenges of life. I love my school life and really enjoy it. I have lots of friends, and all my teachers love me. I love my school and enjoy going there every day to meet my friends and learn new things.

Everyone keeps on saying that school life is the best time of your life. When listening to these phrases from their elders, the school students think about what is good about this life. All we do in the entire day is to attend the classes and to do the homework. But once school life gets over, the students realize that school life was the best time of their life.

Apart from learning great things in school, you make new friends, play different sports and create memories for the rest of your life. The students also learn many life skills like teamwork, good manners, etc., and understand what they want to become in their life.

All the staff at my school are very polite, educated and experienced. Our teachers not only teach us but also prepare us for various competitions.

## Davidians Rock in District Level Competitions

A District Level Competition was organised by 'Kala Sangam - Sansad Sanskritik Samagam' Organisation at District Ghaziabad for the year 2023-24. The following students achieved positions and accolades for the same:

1. Jahnvi (Class VIII-A)- 1st position in Dance.
2. Jigyā Mondal (Class VIII-A) - 2nd position in Hindi Poem Recitation.
3. Aarushi Jha (Class VIII-B) - 2nd position in Music.

## Jigyā Brings Laurels to School at State Level!!!

A State Level Competition was organised by 'Kala Sangam - Sansad Sanskritik Samagam' Organisation on 13/12/2023 at Delhi Public School, Ghaziabad for the year 2023-24. We are delighted to announce that Jigyā Mandal from Class VIII - A secured First position in Hindi Poem Recitation. We are proud of her magnificent achievement.

# HOLISTIC EDUCATION

Education is a pretty broad concept that surpasses the four walls of a classroom. The core aim of education is to foster all round development of a child. All round development essentially means intellectual, physical, moral, sensible and social development. To fulfil these objectives, there is a prime need of striking a balance between syllabus, curriculum, books and co-curricular activities. Intellectual development of the personality is achieved to a great extent, in the classroom itself. But the aesthetic development like character building, moral values, physical growth, creativity and much more is build up by co-curricular only.

TO NEW BEGINNINGS...

# NURSERY ORIENTATION

We wholeheartedly welcomed parents of our Nursery school kids to the David family on the Orientation Day for the session 2023-2024. They were briefed about different aspects of schooling and also were introduced to the teachers of their kids.

# CAPTURING THE JOY OF CHILDHOOD: NURSERY PLAYWAY

**‘A Journey of a Thousand Miles Begins with a Single Step.’**

Creating a great place for toddlers who learn through the Play-Way method adhering to the concept – ‘You Tell Me – I Forget, Teach Me and I Remember, Involve Me and I Learn.’

In school, we use pedagogical rules to build upon skills with activities like storytelling, poem recitation, fancy dress or dance competitions – making learning a joyful experience.

A well planned curriculum with a wide range of academic activities brings forth discipline and ethics to craft well rounded personality. Studies have adequately proven that sports and physical activities need concentration in one's memory and develop problem solving skills.

# Strengthening Our Community: Mock Evacuation & Evacuation Drill

A Mock Drill is the testing of the effectiveness of Disaster Management Plan. Lot of homework needs to be put to prepare a plan and then conduct a mock drill which may last only a few minutes. It is a participatory method to practice the safety related measures and evacuation of a building during an emergency situation.

To educate and train the students for an unforeseen emergency like fire or any other natural calamity, David School organized a Mock Drill on Fire Evacuation on 15th April, 2023. Personnel's came from Fire Brigade, explained all the safety measures and made the students aware about the firefighting rescue operation and its procedure. In future, the drill will help us in meeting the adverse situations.

# Our Planet Our Responsibility: Workshop on discouraging the use of single use plastic

On 9th of August a Power Point Presentation was presented by the students of classes VII and VIII on the theme “Discouraging the use of single use plastic and encourage the use of alternatives”. Students discussed about the ill effects of plastic on the environment, the rationale for stopping the single-use plastic and creative thoughts and ideas on strategies to stop the use of single-use plastic. The main purpose of the event was to achieve the objective of elimination of single-use plastic and make the student confident and stage free.

# Stay Informed and Inspired: Workshop on Cyber Awareness

Cyber Security is one of the burning issues today and to make students aware of it, a workshop was organised on 17 November, 2023. This workshop glanced upon topics like Cyber threats, Ethical hacking and how to be secured on the internet. Our Computer teacher Ms. Sheetal Sharma emphasized the need for cyber security awareness which is becoming increasingly urgent due to our dependence on Information and Communication Technology (ICT) across all aspects of our society.

The session concluded with a Q&A and a brief discussion between speaker and participants on the topic. It was an educative workshop. Such workshops compel the students to be safe and secure in the virtual world.

# Road Safety Activity

We organized Road Safety Activities for the students of I to V in the month of July. The purpose of organizing such kind of activity was aimed at creating awareness among young children. Basic concepts such as traffic lights, pedestrian crossings and road signs were introduced through colourful visual aids, discussion, videos and storytelling techniques. Role play activity was also conducted to make them aware of traffic rules and the use of zebra crossing. Teachers also instructed them about Do's and Don'ts to be followed while crossing the road. The children wholeheartedly participated in the activities.

# Developing Global Leaders in an age of Innovation: Computer Activity

Technology plays an important role in a student's life. The computer department organised various activities for the students throughout the year to keep the interest of the students alive. They also learnt to work in groups and were encouraged to share. The students enjoyed the activities thoroughly.

"Teaching is like  
lighting a spark  
in your mind,  
showing you all  
the amazing things  
you can do and  
helping you shape  
your future."

# CELEBRATING THOSE WHO SHAPE THE FUTURE: TEACHER'S DAY

Teacher's Day was celebrated with zeal. The senior students of class VIII swapped their places with the teachers. In the morning assembly students from various classes gathered in the ground to pay tribute to the teachers. The highlight of the assembly was a heartfelt speech delivered by Navya, student of VIII B. She expressed her gratitude for the tireless efforts and guidance provided by the teachers. The students of class VIII presented each teacher with a token of appreciation, which included personalized notes from students expressing their gratitude.

Later on, in the afternoon a special programme was arranged by our respected Manager in the Senior School where the teaching staff exhibited their skills and talents and enjoyed a delicious lunch.

# Workshop on Anti Bullying

## STOP BULLYING NOW!

We have all come across situations where either we have been a victim of bullying or have seen someone get bullied. Teasing, taunting, name-calling, inappropriate comments are the most common forms of bullying. Continuing our efforts to eradicate bullying in our school, we organised presentations for the students of classes III to VIII on 17th, 18th and 19th October 2023. A small skit was presented by the students on the same. A video was displayed to the students after every presentation for better understanding of the topic.

**Hope the initiative taken by the school will save and secure the future of many students!!!**

# Boosting Self- Confidence: Counselling Session by U.P. Police

Ms. Poonam, Sub Inspector, U.P Police conducted one day counselling session with the senior girls of the school. She informed the students about

- The new Pink Booth opened in DLF, Ankur Vihar.
- Educated the girl students about the different types of violence against them.
- Provided knowledge about the different types of self-protection to keep in mind in different situations.

# A PERFECT BLEND OF FUN AND LEARNING: SCHOOL PICNIC

School picnic is an opportunity for the students to improve their social skills and learn the art of togetherness. It provides them wholesome entertainment and makes them delightful. Keeping this approach intact, David School organised a fun-filled picnic for the students of classes III to VIII on 28th October 2023 at Vishalgarh Farms, Gurugram. The day was full of joy and the students had an amazing experience.

# CREATING A HEALTHIER FUTURE:

## ANNUAL SPORTS MEET 2023-2024

OPENING  
CEREMONY

It is said that sport teaches you character, it teaches you to play by the rules and it also teaches you to know what it feels like to win and lose. In short, it teaches you about life!

An Annual Sports Meet was organised from 18th to 20th December 2023 for our students. The air was filled with joy and excitement when M.D. of our school declared the Sports Meet open. The event was marked by a string of performances by our students, who were brimming with enthusiasm and sporting excellence. Students from classes VI to VIII showcased stunning dumble exercises and well synchronized gathi lezium dance performances.

A plethora of athletic events like Pyramid Making Race, Back Race, Hurdle Race, Butterfly Race, Bag Pack Race, Shuttle Race, Hula Hoop Race, etc., were conducted during the day. The extravaganza was embellished by the warm presence of our Manager, David Organization and other dignitaries from the Senior School. Students cheered and applauded all the participants. Winners were awarded Medals by the dignitaries. All in all, it was a wonderful opportunity for our little champs to display their sporting talent.

# CLOSING CEREMONY

# ANNUAL FAIR: लय

An Annual Fair- "लय: An Experimental Testimony of Holistic Schooling" was organized on 30th December, 2023. It was a joyous event. The bustling energy of students and teachers in this Fair echoed through the air, creating a vibrant atmosphere of excitement and camaraderie. The event proved to be a splendid blend of entertainment, games, food stalls, exhibition and community bonding. This was indeed a majestic programme organised in the history of David School as the gathering observed in the school premises was huge where uncountable number of heads were seen in the premises. This amazing event

purely showcased our students' productivity, hard work and dedication.

# Art & Craft Activities and Competitions

“Logic will take you from A to B,  
Imagination will take you everywhere”.

~ Albert Einstein

Art & Craft activities drive creativity and innovation at an early age and help children take on challenges and adopt creativity later in life. In our school, we introduce Art & Craft from Nursery. By organizing several activities and competitions, we encourage students to explore their artistic interests and develop their skills. The competitions provide students opportunities to compete with their peers and receive feedback from experts.

# Honing Language Skills

We provide our students with ample opportunities that involve stage exposure fostering their overall development.

# Hindi Poem Recitation Activity

Oh! What a beautiful way to express something through innocent words and actions in a melody with all smiles and giggles. This is what our tiny tots of classes Nursery and K.G. did on 15th of July, 2023. Students showcased their talent with various interesting rhymes on this day.

# English Story Telling Activity

A wise man once said, “After nourishment, shelter and companionship, stories are the things we need most in the world.”

To keep the tradition going and to rouse curiosity and the love for reading in children, a story telling activity was held in the month of July for the students of classes III to V.

The young storytellers armed with their props came forward with wonderful stories which gave the audience food for thought and moral values.

# English Poem Recitation Activity

Rhymes add rhythm and melody in pre-primary education. English Poem Recitation Activity was organized on 18th August, 2023 for the students of classes Nursery and K.G. Children recited rhymes on many current topics like save water, good manners, say no to poly bags etc. The props used by them also enhanced their creativity. Children really gained confidence through this exposure. Everyone was amazed after seeing their performances.

# Show & Tell Activity

It was amazing to watch the students of classes I and II perform so confidently with absolute conceptual clarity to explain whatever they were depicting – be it an Oxygen Cylinder, Indian Currency, Healthy breakfast with Kellogg's, Water Conservation or Concept of day & night and many more.

# Fancy Dress Activity

Fancy Dress Activity was conducted for the students of class Nursery and class K.G. on 6th and 7th November, respectively. The purpose of conducting these activities was not only to blend learning with fun and culture, but to also develop confidence in the students. Students showcased their talents on various themes like Famous Personalities, T.V. & Games Characters, Innovative Ideas, etc. The hard work and commitment of parents and children were highly commendable. The activities proved to be great learning experience for the students and gave them a platform to explore themselves.

# Boosting self-confidence: Debate Competition

On 14th December 2023, an Inter House Debate Competition was organized for the students of classes VI, VII and VIII on the topic “Will India become a superpower in a decade from here?” The aim of organizing a debate competition is to hone the public speaking skills of the students and teach them to be fluent while expressing their thoughts and opinions.

To begin with, each participant spoke their mind on the topic. Points presented were accepted by the spectators with cheers and applause. Each Argument was made with facts. There was so much talent in the room. The competition was very interesting as all the students presented their perspectives by equally stating the merits and demerits of the given topic.

The event was judged by the Managing Director of the school. There were sixteen students who participated in the event with great enthusiasm. Green House was adjudged the winner of the competition.

# Providing an outlet for Self Expression: Inter House Drama Activity

Drama is a strong medium of communication. In order to develop dramatic skills and promote acting, an Inter House Drama Activity was organized in school on 27th December, 2023 for classes III to V.

This event provided a platform for all young, budding actors to showcase their talents on value based themes. The themes for the event were plantation, generation gap, social ethics, etc. Such relevant topics were chosen to create awareness in the minds of the students and the audience to work with commitment and responsibility towards eradication of social evils and to make the world a better place to live in. Yellow House was declared as the winner of the day and the winner house was greeted with thunderous applause by the audience.

# Quiz the Impossible! Inter House Quiz Competition

An Inter House Quiz Competition was organised on 27th January 2024 for the students of classes VI to VIII. The participants were tested on various topics related to Current affairs, Sports, Business, Politics, History, Entertainment and Culture.

The students enthusiastically answered most of the questions and were elated to be a part of such a marvelous competition.

Blue House was declared as the winner of the competition.

It was truly a magnificent learning experience for both the audience as well as the participants.

Dancers don't  
need wings  
to fly. Dance  
itself is a great  
way to connect  
emotionally with  
an audience and  
other people.

# Group Dance Activity

An Inter House Group Dance Activity was organized for the students of primary wing on 14th August, 2023. The participants, dressed in colourful costumes, set the stage on fire with their enthralling and energetic performances.

# Dance Activity for Classes I & II

Dance is a means to communicate emotions without saying anything. Dance is not only body movement, but it involves the movement of soul and emotions. It enforces kids to gain emotional strength. To enhance these skills, Dance Activity was organized for the students of classes I and II on 30th and 31st October respectively. The participants entertained the audience with their exceptional performances.

# Dance Activity for Nursery & K.G

Dance Activity was organized for the students of classes Nursery and KG on 15th and 16th December respectively. The little ones were thrilled to be a part of this vibrant and entertaining event. The young dancers were in colourful costumes. They twirled, flipped and jumped on the stage of the school. The winners were awarded by MD of the school, who congratulated the winners and appreciated their performances. He also encouraged them to always participate in such activities to exhibit their talents.

# Rhythm in every note: Singing Competition

Music binds our heart, soul and emotions. Music is the best method of relaxation. In fact, through singing, children learn to express their feelings and ideas. To bring out the singing talent of the children, a Singing Competition was organized for the students of classes VI to VIII on 12th October, 2023. Each student prepared a Hindi song. The children showcased a sense of pride, self-esteem and self-confidence as a result of the competition.

Our judges were impressed with the confidence, the tonal quality and the fervour with which they sang. All in all, it was a delightful experience for the students.

# INDEPENDENCE DAY

हम लाए हैं तूफान से किशती निकाल के  
इस देश को रखना मेरे बच्चों संभालके.....

Davidians celebrated Independence Day to remember with pride the commitment and contribution of the brave individuals who sacrificed their lives for the freedom of India. The celebration started with Flag hoisting. It was followed by a group song and a group dance by VI-VIII students.

# REPUBLIC DAY

January 26 is celebrated as Republic Day every year. In 2024, India is celebrating its 75th Republic Day. It is a matter of great pride for all of us. We celebrated this special occasion by unfurling the National flag in the morning. The students saluted the National flag and the National Anthem was sung with great zeal. The students exhibited their passion and love for their motherland through speeches, group song and patriotic group dance.

The programme was concluded with the prize distribution ceremony for the students who won laurels in the Art and Science Exhibition held in school in December 2023. Overall, the programme was successful in bringing out the essence of Republic Day and spirit of nationalism. The whole programme was anchored by Navya Sharma, a student of class VIII B.

# Special Assembly- Learning is Pleasure

The most important thing is wholeness –a whole community. David School celebrates its togetherness, companionship, rhythm through various dictions. The art of special assembly is one of them. Our special assemblies include acts of worship, dances, plays, singing and music that lead to thought provoking creativities. They act as one of the many ways by which we create our positive reflective ethos and promote our value based education system.

The special assemblies paint the canvas of each one's potential and nurtures young minds.

# EARTH DAY

Every year, Earth Day is celebrated on 22nd April to remind the students of their duties towards 'Mother Nature.' Earth Day was celebrated in our school through educational and action-oriented activities that were fun. In the morning assembly, students of classes VI to VIII performed a beautiful song on Mother Earth. Ojaswini Patel of Class IV recited a beautiful Hindi poem.

*Our M.D. added the finishing touch by addressing the students emphasizing the importance of afforestation and the need for everyone to put together their efforts and get into action in protecting our environment.*

# LABOUR DAY

“All labour that uplifts humanity has dignity and importance, and hence should be undertaken with painstaking excellence.” To celebrate the vigorous and tireless efforts of the Group D staff members of DMPJHS, the International Worker’s Day which is also called as Labour Day, was celebrated in our School on 1st May 2023 with great zeal.

Labour Day is a reminder for us that these unsung heroes are the real architects of our society, and they deserve their due respect. In David School, we believe that the small act of kindness counts and we attempt to inculcate that same value in our children.

The tiny tots of Pre Primary celebrated the Labour Day by doing fun filled craft activities. They were involved in making ‘Thank You’ flowers and badges. The teachers briefed the children about Labour Day and its importance. The children expressed gratitude by giving self-made badges and flowers to the support staff members in the school. The young ones were overwhelmed by this act of thankfulness and enjoyed the day.

With the aim to inculcate the habit of hand washing among children and to educate them in maintaining good personal and general hygiene, World Hand Hygiene Day was observed by the little Davidians on 04/05/23.

The tiny tots were advised to wash their hands before having their meals as dirty hands were the root cause of various diseases. The students of Pre-primary wing participated in a hand washing activity. Students were also explained the do's and don'ts of hand hygiene.

# RED CROSS DAY

The day was observed on May 8, on the occasion of the birthday of Henry Dunant, the founder of International Red Cross Society. David School organized First AID Kit Preparation Activity for the students and the benefits of the First Aid Box were explained by the Class Teachers to the students.

Mothers are our guardian angels who guide us and take care of us without expecting anything in return. To cherish the emotional bond that every child shares with his/her mother and to express their gratitude, a special assembly was conducted for the students of classes III to V on Mother's Day.

# MOTHER'S DAY

Mother's Day Celebration reminded our little ones that we must not neglect our duties as sons and daughters. The students of classes Nursery to II passionately got involved in making beautiful greetings cards and crowns for their mothers. The outcome of their efforts was marvelous. Each card was special and different in its own way. What more could have made "Mother's Day" more special than this?

# WORLD SENIOR CITIZEN DAY

World Senior Citizen Day was celebrated on 21st August to increase awareness of the issues that affect older adults. This is a day to recognize the contribution of senior citizen and remind seniors that they are an important part of our lives. Students participated in making the greeting cards for their grandparents on Senior Citizen Day. They also presented gifts to their grandparents. This activity was conducted with the objective of developing compassion and love towards Senior Citizens.

Raksha Bandhan was celebrated by the students in the traditional way of sharing sweets and small tokens of brotherly affection.

# SANSKRIT DIWAS

Sanskrit Diwas is an annual celebration of the beautiful language called Sanskrit. It is the mother of most of the living languages. It is a scientific language that many of the languages directly borrow grammar and vocabulary from. On 31/08/2023, students of classes VI to VIII presented Songs, Speeches, Skit, Self-composed poems and many more items in the Morning Assembly in Sanskrit. An unimaginable confidence in the performances was well praised by our M.D. The whole teaching faculty was impressed with the performances of the students and the environment that was created in the school.

# JANMASHTAMI

"Muralidhar Jinka Naam, Gokul Jinka Dhaam;  
Aaise Shri Gopala Ko, Hum Sabka Pranaam."

The festival of Janmashtami is replete with the essence and warmth of love and oodles of affection. Janmashtami was celebrated with great fervour and gaiety by the students of our school.

Ganesh Chaturthi is celebrated as the birth anniversary of Lord Ganesh. This year, it was celebrated on 18th September, 2023.

The festivities began with a traditional lamp lighting by our Principal from the Senior Secondary wing. It was followed by a devotional prayer to invoke the blessings of Lord Ganesh. The students of Classes I and II chanted "गणपति बप्पा मोरया पुढच्या वर्षी लवकर या..." which transformed the whole atmosphere of the school into a devotional one. It was a surreal experience for everyone.

# GANESH CHATURTHI

# INTERNATIONAL DAY OF THE GIRL CHILD

We celebrated

“International Day of the Girl Child” on 11/10/2023. This day is an international observation day declared by the United Nations. Our school organized various activities to recognise girls’ rights and the unique challenges they face around the world. The purpose of the celebration was to increase awareness of gender inequality faced by girls worldwide based upon their gender. The students were sensitised on the issues faced by girls in our society and how we must empower them with equal opportunities in various walks of life.

# WORLD FOOD DAY

"World Food Day" is observed worldwide on October 16 every year to raise awareness about the issues of hunger and food security. Students of classes III to V performed the Flameless Cooking Activity in their respective classes. They prepared Sprouts Salad, Peanut - Corn Chat and Bhelpuri.

They also explained the preparation process and the nutritional values of their food items.

# DUSSEHRA

Dussehra is one of the major festivals of India. It is celebrated throughout the country with great zeal. This day signifies the victory of good over evil, which is believed to be the underlying motive and learning from the festival of Dussehra. This year Jhakis of Ramayana were performed by the students of I and II to mark Lord Rama's victory over Ravana and to reinforce the message that good always triumphs over evil. The Manager of David Organization appreciated the performances of the little Davidians.

# NATIONAL UNITY DAY

Our school celebrated the birth anniversary of Sardar Vallabhbhai Patel as "National Unity Day" or "Rashtriya Ekta Diwas" on 31st Oct 2023.

Sardar Patel was called the 'Iron Man of India' for his efforts to unify the princely states into India and form one undivided nation. The day is observed to boost the emotion of 'unity in diversity' among the citizens.

A Special Assembly was conducted for the students of classes III to V to pay homage to Sardar Vallabhbhai Patel who through his valiant efforts changed the dynamics of Indian politics and society. Students were involved in several activities like dance performance, group song and administration of pledge.

The students of classes Nursery and K.G. dressed in traditional attires of different States of India and performed a cultural ramp walk to spread the message of unity in diversity. The short yet significant programme etched the spirit of "Ekta" amongst all.

# NATIONAL MATHEMATICS DAY

National Mathematics Day was organized in the school on 22 December, 2023 to celebrate the Birth Anniversary of Shri Srinivasa Ramanujan, the great mathematical genius who made exemplary contribution to Mathematics. The day was celebrated with an objective of creating awareness about the importance of Mathematics in education and to pay homage to one of the greatest mathematical minds in the history of mankind. As part of the celebration, a Special Assembly was conducted and the students presented their working models based on several topics of Mathematics. The students participated in the above programme with great zeal and enthusiasm.

# CHRISTMAS CELEBRATION

Christmas was celebrated with great pomp and show in our prestigious school on 23rd December.

The students had decorated the school lobby beautifully. The Christmas tree was decorated with lamps, stars, toys and flowers in one corner of the lobby. The poem 'Jingle Bell' was sung by the junior students and a Christmas carol was presented by the students of class II. One of our cheerful teacher disguised himself as Santa Claus and distributed chocolates to all the students with laughter and amusement. The atmosphere of the school turned joyous. All the students and faculty members had fun and frolic during the day.

# BASANT PANCHAMI

Basant Panchami is a joyous festival that celebrates the arrival of spring, the worship of Goddess Saraswati, and the pursuit of knowledge and wisdom. On 13th February 2024, we celebrated Basant Panchami with the tiny tots of classes Nursery to II. The significance of Basant Panchami was explained to the students through interactive sessions. They learnt about the cultural importance of the festival.

# English Section

## **Where The Mind Is Without Fear**

Where the mind is without fear and the head is held high  
Where knowledge is free  
Where the world has not been broken up into fragments  
By narrow domestic walls  
Where words come out from the depth of truth  
Where tireless striving stretches its arms towards perfection  
Where the clear stream of reason has not lost its way  
Into the dreary desert sand of dead habit  
Where the mind is led forward by thee  
Into ever-widening thought and action  
Into that heaven of freedom, my Father, let my country awake.

~ By Rabindranath Tagore

## Dear Teachers

Dear Teachers,  
With different features.  
You are very kind,  
For giving me joy,  
And peace of mind.

You give me hope,  
So that I do not mope.  
You help me dream,  
To go up the stream.

You give me strength,  
So I can see,  
A future that  
Belongs to me.

A future that  
Looks really bright  
Thank you dear teachers,  
For showing me the light.

**Riddhi Srivastava**

## Riddles

- I have no blood, still I am red, I am a little sour, yet food gets tastier and less bare.  
**Ans. Tomato**
- Every child comes to me, considers me a prison. Yet all those who pass through me, make a name in their life.  
**Ans. School**
- A rope which is not used for tying?  
**Ans. Europe**
- Which lux is not a soap?  
**Ans. Deluxe**
- A pain which can't be felt?  
**Ans. Spain**
- An ear which is not a part of the body?  
**Ans. Bear**
- An ox which is not an animal?  
**Ans. Box**
- Which tea cannot be drunk?  
**Ans. Liberty**

- Which lock makes us punctual?  
**Ans. Clock**
- Which air can we not breathe?  
**Ans. Chair**

## A Tale of War

Long time ago, sadness was in the air,  
World War had started, a story to be shared.  
Broken promises, a spark so bright,  
Heroes emerged, ready to fight.  
Battles in the sky, on the ground,  
Courage everywhere, stories profound.  
Holocaust's darkness, a world in pain,  
D-day's roar, hope regained.

Mushroom clouds above, a world changed,  
Hiroshima wept, its landscape estranged.

In the ruins, hope found a way,  
Peace emerged, a brand-new day.  
Allies on Normandy's shore,  
Freedom touch, a mighty roar.  
The war's tale told, a chapter done,  
Lessons learned, a new era begun.

**Stephen Mayengbam**

## My Best Friend

Good friendship enriches your life with happiness and great experiences. They say it is hard to find a true friend. But, I am lucky to have one such friend in my life. Her name is Areena. Although we have different religious beliefs but it never bothered our friendship. Infact, we respect each other's faith.

My best friend Areena is truly a kind soul. I clearly remember the time when I was a newcomer in the school, it was she who came forward and extended the hand of friendship to me. Gradually, I made more friends but Areena has a special place in my friend circle. She is the one who knows me very well.

Moreover, we are like two different ends of a spectrum when it comes to our personalities. She doesn't like to talk much, but she is an ardent listener who patiently listens to me and responds appropriately. In spite of the contradictory temperament, we always stand by each other through thick and thin. In fact, both of us strive to maintain a healthy balance in our friendship to get through difficult times.

Soumya Singh

## Social Media: A bane or boon

It is the means of interaction among people in which they create, share and exchange information and ideas in virtual communities and networks.

Social media, now affects every aspect of our life. We use it to communicate with our loved ones, share information and news, and express ourselves. But does social media really affect our lives now?

Social media, without any doubt offers some advantages. It can assist us in finding support groups for shared interests, staying in touch with distant friends and family and learning about other cultures and world views. Activism and social change can also be powerfully facilitated by social media.

However, we should be mindful while using different social media platforms. The excessive dependence on it

can have disturbing consequences

### Disadvantages: -

People who use social media excessively may face trouble while focusing on other tasks. They may experience anxiety or despair if they are unable to check their social media accounts on a regular basis. Also, over indulgent may also lead to the feeling of isolation and unwillingness when it comes to the offline interactions.

### Be Cautious: -

- \* Limit the amount of time you spend on social media.
- \* Maintain a positive balance between your online and real lives.
- \* Be mindful of the potential threat that social media may pose.

Overall, one has to be vigilant while getting into the world of social media.

## Butterfly

A garden's fair is a butterfly's delight

With wings so vivid, taking flight

Colours dance in the gentle breeze

A living canvas, nature's masterpiece

It flutter's by, a living dream,

A creature of beauty, it may seem.

Graceful dances in the sky,

As if it knows the reason why?

A symbol of change, so free & light,

The butterfly takes, its radiant flight.

Avika Jha

IV- A

## Eco – Club

Eco-Club is fairly active in our school. It was initiated by the administrative staff of David school. Since the inception, quite a few campaigns are organized in our school to spread awareness about environmental issues and make the students attentive about their responsibilities towards the ecosystem. It also paves the way for sustainable development.

Several programmes and various activities are performed with interactive presentations. Also, there is a fixed theme for every month, for example, Waste Segregation, Anti-Firecrackers Campaign, Discarding the use of Single-use Plastic, etc.

Moreover, every month, the group of students participating in the awareness campaign get replaced with another group on the rotational basis to make it more inclusive.

Furthermore, at the end of all the sessions, our eminent MD Sir concludes the presentation by enlightening the students

about environment and also shares relevant notes regarding the topic.

Most importantly, the students as audience are receptive and willing to make a change for good.

Following upswings could be witnessed in the personalities of students:-

1. Experiential learning has enhanced their applied knowledge. Also, it has helped in making them more sensitive for environmental issues.
2. In the light of the recent effects of climate change, students are required to ponder over the environmental changes occurring in their surroundings. Eco-Club activities have enabled them to contribute in the mitigation of anthropogenic factors responsible for climate change.
3. Post COVID-19 pandemic, it is inevitable to think of health and environment in isolation. The COVID-19 crisis has proved that any disturbance in the ecosystem can be severely dangerous for the mankind. Hence, we intend to make students aware of the interdependence and complex structure of ecosystem.

Furthermore, our teachers put in their immense hard work with the students to make each Campaign successful and worth attending

## Aliens: Myth or Real?

What do you think about Aliens? Are they real or is it just a myth? Scientists are still working upon this question but they have not found any answer yet. Though, several incidents have been reported across the world but no evidence was credible enough to ensure the existence of the aliens.

A video was surfaced in the 1970s in which a flashing light was seen in the sky during the daytime. Many people who were present there and witnessed it have mentioned about a UFO (Unidentified Flying Object) in their testimony. However, their claims could not find reliable support.

The possibility of life existing outside the earth is still one of the highly discussed mystery of humankind. Such extraterrestrial life might range from simple forms to intelligent beings, possibly bringing a major change in human civilization. But, the question still persists that, “whether Aliens are real or is it just a myth?”

The idea of the existence of life on other planets has always fascinated the people. No wonder, why lots of people enjoy science fiction stories and movies about aliens.

Also, there is a poem in our book “Alien Exchange” which talks about the visit of aliens on our planet.

**Elakshi Choudhary**

## Value of time

Time is a thing no one can buy

If it flies everyone will cry

‘GOD’ created such a rhyme

After bad always comes good time.

In our life every time is prime

So never commit a crime

Time and patience are the strongest warriors

As they can break all the barriers.

If we manage time, we manage life

Otherwise it will chop us with a knife

Changing time is in our hands

As it removes all the bad strands.

For buddies it's enjoyable time  
 Playing with a smile or drinking lime  
 For young ones it's merry time  
 Sitting under room's chime.

**Aryan Verma**  
 V – A

# The Tale of Solar Family

## 1. Around the sun

Trapped by the Sun's gravity, the eight planets of the

Solar System revolve around the central star on nearly circular paths, spinning like tops as they go.

## 2. The Sun

Our Sun is a typical star-a vast, glowing ball mostly made up of super hot hydrogen and helium gases.

## 3. Mercury

The planet Mercury is a giant ball of iron covered with a shallow layer of rock. It is the smallest planet and closest to the sun.

## 4. Inside Earth

If you could peel Earth apart with your hands you'd discover - it's made of distinct materials that fit together like the layers of an onion.

## 5. Eclipses

A total solar eclipse is an amazing event. For a few minutes, the Sun disappears behind the Moon and suddenly the day turns to night.

## 6. Ring World

Saturn's breathtaking rings are made up of billions of sparkling fragments of ice that range in size from snowflakes to ice bergs.

## 7. Moons of Saturn

There are so many moons orbiting the planet Saturn that they form what looks like a miniature version of the Solar System.

## 8. Types of Star

In the night sky, all stars look like tiny pin bricks of light. However, these Stars differ greatly in size, colour, brightness and lifespan.

## 9. Black holes

Black holes are among the strangest objects in the Universe. The pull of their gravity is so great that nothing can escape from them- not even light.

**Ananya Sinha**

# Importance of Trees

Trees are important for us. They give us innumerable things. They purify air without which we can't imagine to exist. But man has thoughtlessly cut down forests and other trees for his selfish needs. This has resulted in the imbalance of environment. Hence, it is high time to understand the worth of our forests and avoid cutting them. We should also encourage tree plantation. 'Grow more trees' should be our motto. We can save our life from dangerous consequences by planting more and more trees. It is also necessary to spread awareness among common people. People should be motivated to realise the importance of tree plantation. Let us take a pledge to plant trees in more and more numbers and encourage others for this noble cause. Besides, farmers also have an important role in our nature and environment. Farmers maintain our earth's greenery. They work very hard for growing plants, vegetables, fruits, pulses etc. for organic green environment. We can also do some work like a farmer for a sustainable environment.

THINK GREEN

## Mathematics is full of fun

Mathematics is full of fun,

With a lot to learn.

Loss is discarded,

But profits get added,

Powers get multiplied

But percentages are divided.

Algebra has a long history

And it is full of unknown mystery

Lines are ready to intersect

But Angles bisect and trisect

To be as sharp as a knife

Maths is needed in life.

**Akshita Tripathi**

## Science in Everyday Life

Science is the best servant but the worst master. Modern men's life is so much influenced by science that it is impossible to imagine without it. In the 20th century, it has affected every aspect of human life. Medicine, transport and communication and other aspect of everyday life has been revolutionised by science. Rapid transport and the communication system has turned the world into a global village. Besides, there have been inventions and introduction of various machines to replace human hands as well as to enhance production. From the tooth brush and the paste that we use in the morning to the television set or music system that we enjoy at bed time - everything is the gift of science.

Science has covered almost all dimensions of our life. But, we must not forget that it is the human mind which is responsible for its wide extension over the world.

**Bodhysatwa Raul**

## Poly Bags: A Curse

Poly bags appeared for the first time in 1970's in this country but soon they became very popular. Today, they seem to have become an integral part of our life. They are very convenient indeed. We go to the market without a care of the world. All our shoppings go into our poly bags so light and so strong.

However, we cannot ignore the downside of using poly bags. They are a potential threat to our ecosystem, as it is very difficult to eliminate them from our environment. Moreover, we are yet to find a sustained alternative to plastic poly bags.

Hence, as a responsible being, we should try to decline the use of poly bags and replace them with nature friendly options.

## A Pleasant Day of School Picnic

In the last week of October, our school went on a picnic to Vishalgarh Farms. We started our journey from David Model Public Junior High School in the early morning to avoid the traffic. It took us around two hours to reach

the destination. Meanwhile, we enjoyed our bus ride as we sang a lot of songs and played games with an excitement to reach the picnic spot. Also, we ate lots of snacks. Around 9:40 am, we reached there. After getting off the bus, we met our guide, Vishal

Sir. He was humorous and kind – hearted person. First, he took us for a tour around the farm and after that he instructed us about numerous fun activities available at the farm. We tried one of the most trending mechanical Bull ride. Later on, we went for the most popular adventurous ride of Vishalgarh Farm i.e. Zipline. Though it was my first experience but it turned out great. Moreover, we took all the rides under the supervision of our teachers and the guide allotted to us.

Besides, we were served with lunch which consisted of various food items, such as Noodles, Dal Makhni, South Indian platter and many other delicacies. Also, there was a huge trampoline for the kids and adults as well. Furthermore, we got to witness different cultural programmes, such as traditional dance, folk music, etc.

Finally, we saw a magic show, which was undoubtedly the best part of our picnic. We were amused with the tricks of the magician.

Lastly, the picnic ended with a group photo and we got back to school around 7 o'clock. To sum up my experience, I would say it is going to be one of the most cherished memory of my school days.

## Mystery Of Life

Mystery of life  
Never gives up  
Never impassionate  
And glowing rhetoric  
The crave of finding the mystery of life  
We are rushing towards  
The unmapped path of strive.  
With a desire of finding a golden hue  
We all are standing in a queue.  
Let's get the shining dew

With a hope of new.  
Brightness of sunshine  
Offers the optimistic rays  
of divine.  
Come, change the mystery  
To a smiling blistry.  
Unfurl the merciful  
chapters  
And move towards the victory.

**Neeti Mitra (Teacher)**

## My School bag

My school bag,  
Very big and black.  
Ready to climb on my back,  
Like a big heavy sack.  
Books and copies are loaded in it,  
To its extreme fit.  
Bends me when I rise,  
To be very smart and wise.  
Little do they care,  
The burden that I bear.  
Makes my back,  
Ache with the back pack.  
Oh! How I wish,  
My bag was light.  
That would have made me,  
Happy and bright.

**Shanvi Dwivedy**

## Black And Yellow Garden Spider

- A garden spider builds a web.
- The garden spider builds a web to trap insects to eat. The web is made up of spider silk. The spider attaches silk threads to grasses or other plants. Then it stretches more silk, making a pattern in a circle.
- The spider weaves a zigzag line in the web. That is where the spider waits for an insect to fly into the web and get stuck. That insect becomes the spider's supper.

### FACTS: -

- Baby spiders are called spider lings.
- Female or girl, black and yellow garden spiders build bigger webs than male or boy spiders.
- Their home is much of North America.
- They eat flies, beetles, wasps, grasshoppers and other flying insects.
- They don't have sound.
- They lay upto 1,400 eggs at a time.

## Sunday – A Fun Day

Sunday is a funday,  
As we get a holiday.  
After six days of school,  
That looks pretty cool.  
But teachers do not understand,  
We children have small hands.  
The famous dialogue of Mathematics teacher,  
Practice Maths and become a preacher.  
Students in Social Science class,  
Pretend to study but have time-pass.  
Hindi teacher is very decent,  
We pray for him to be absent.

English grammar is always on our mind,  
Because the teacher is joyful and kind.  
Marks in Science are always the best,  
And the lowest in Sanskrit test.  
Every student wants to be a topper,  
For that they have to study proper.  
Every student has different ability,  
To discover new things with their own creativity.  
In the absence of a teacher, talking is done,  
No body listens and have fun.  
Library is the place where,  
Everyone makes noise of chair.  
Dance room is where,  
Everyone dances here and there.  
Games period makes us active,  
All the games are very interactive.  
When you want to sing,  
It's better to move the string.  
In computer lab, the programming features,  
Increases our temperature.  
School for the whole week,  
Makes children freak.  
So we wait for a holiday,  
And that is Sunday.

**Kritika Patel**  
VIII-B

## Our Beloved Teachers

Social Science gives me a vibe  
Which is difficult to describe  
From Akbar in History to Adivasi in Civics  
He explains it really quick  
He has some hidden talent  
That makes me go silent  
Whenever students seek his advice

He acts very wise  
 Jagmilan Sir is always up to date  
 In class he is never late.  
 Sandeep Sir is on the run  
 To teach us Hindi and Sanskrit with fun  
 Always telling us the maximum tricks  
 So that we can get six on six  
 He entertains us by his singing  
 Until the bell starts ringing  
 Due to his delighted nature  
 He's one of the best teachers.  
 Talking about spines  
 Kumud Ma'am teaches us Science  
 The way she speaks  
 We do not freak  
 Strictness was her first impression  
 That changed during the session  
 She has an excellent feature  
 As good as a preacher.  
 Maths has various concepts  
 Explained by our teacher with different prospects  
 Any of the hard question  
 She solves without any tension  
 Ladoo, peda & pizzas are infused  
 Whenever we are confused  
 But staring with those big eyes  
 Makes every student rise  
 Worried about her glam  
 She's none other than Neetu ma'am.  
 English teacher – the school treasure  
 Never shows her work pressure  
 She helps us to release our terror  
 By correcting every error  
 On stage she makes us stand  
 With her supportive hand  
 From teaching tenses to clauses  
 Even with broken leg she never took pauses

Graceful is her art  
 Motivates us for a new start  
 Helping her students as best as she can  
 No one can beat our Komal ma'am.

**Pahel Srivastava**

## Amazing facts about Bermuda Triangle

1. The Bermuda Triangle also known as Devil's triangle, is a region in the western part of North Atlantic Ocean where ships and planes had disappeared under mysterious circumstances.
2. The term 'Bermuda Triangle' was coined in 1964 by Vincent Gaddis, in an article titled "The Deadly Bermuda Triangle".
3. The Bermuda Triangle covers an area of about 500,000 square miles of the Atlantic Ocean.
4. Around 20 airplanes and 50 ships approximately had been disappeared with no logical explanation.
5. Waves at the Bermuda Triangle can reach up to 100ft (30.5m).

The unsolved mystery of this location makes it even more fascinating for people.

**Divyansh**  
**VIII-A**

## Mariana Trench

The Mariana Trench is located in the Western Pacific Ocean and is the deepest oceanic trench. It reaches a staggering depth of about 36,000 feet (11,000 meter). Infact a mountain with the height of Mt. Everest can be submerged. Also it is the home of the fascinating creature like the Mariana snail fish. Challenger deep, is the deepest point in the trench. The trench is also known for its extreme pressure, and complete darkness. The pressure at the bottom of the trench is over 1,000 times greater than at sea level, making it an incredibly harsh environment for any living creature. Despite extreme conditions, scientists have discovered unique and

resilient organisms that have adapted to survive in this extreme habitat. The Mariana trench is truly a testament to the wonders and mysteries of our oceans. In 1875, during the undertaking of a global circumnavigation, it was found by utilising sounding equipment on the HMS Challenger. Such discoveries make us realise that our planet earth is really full of surprises.

**Divyansh**  
VIII-A

## Imagination

Imagination, a very familiar term is an escape key for students to run away from the boring lectures.

Through imagination we can travel from one place within a snap. Especially during the history test, our imagination runs straight out of the door and stops in a magical land. I can see the butterflies hovering on those soft and delicate petals of flowers and all ruined by the school bell.

Imagination is something that can take you to a different world. No exams! No studies! No school! Something very new. But sometimes it can result in tremendously bad situations like while sitting in a crucial lecture. So DON'T DARE TO DO THAT, you may end up outside the classroom.

Anyways, imagination is a wonderful thing, isn't it?

**Swasti Singh**

## Mission Chandrayaan – 3

One of the top most achievements of India in the year 2023 was the successful landing of Chandrayaan – 3 on the surface of the moon.

It was launched on 14<sup>th</sup> July, 2023 and landed on the South Pole of the moon on 23<sup>rd</sup> August, 2023. It consists of three parts - an orbiter, a lander named Vikram and a rover named Pragyan. Its main aim was to find water on the surface of the moon and study about the rocks found there. It was the hard work, dedication, team work and continuous effort of our scientists that made it possible. We are so proud of our scientists and our nation. We as students learn that we should never give up and try our best to give our 100% to achieve our goals and missions.

**Aarya Jha**

## G-20 Summit 2023

The G-20 or Group of 20 is an intergovernmental forum comprising 19 sovereign countries, the European Union (EU) and African Union (AU). It works to address major issues related to the global eco-nomy, such as international financial stability, climate change mitigation and sustainable development.

The G-20 was established in 1999 in response to several world economic crises.

In September 2023, at the 18<sup>th</sup> G-20 Summit, it was announced that African Union has been included as a member of the G-20, making it the 21<sup>st</sup> member.

The G-20 Summit in 2023 was conducted by India and the theme was, “Vasudhaiva Kutumbakam” or “One earth, One Family, One Future”, rooted in Ancient Sankrit texts.

The Summit was held on September 9 and 10 at ‘Bharat Mandapam’ in Pragati Maidan, New Delhi. The entire Delhi had been decorated for the conference and also strict security arrangements were made. Some of the key agendas raised by Indian delegation included Digital Public Architecture, Virtual Digital Assets, Climate Finance for Developing Countries, Development Bank Reform and International Taxation.

India’s presidency received widespread support on all agendas.

Furthermore, India has emerged as a leading player to represent the global south.

## The School Picnic

It was the first day after the Dussehra break when school picnic for this year was announced in the class. This year’s picnic was destined to be at VISHAL GARH FARM HOUSE. On the day of the picnic unlike every other day, we reported to the school earlier than our regular timings, due to excitement. Our class was divided into 2 groups of BOYS & GIRLS each.

It was a cold winter morning, the school bus departed sharp at 6:40 am in the morning. The two and half hours long route to the resort felt like a matter of few minutes as we danced with our Sir and classmates. We reached

the farm at around 9:00 am. We were all provided with welcome drinks and breakfast. Then we saw varied types of trees and birds. After the walk, it was time for the most exciting part of the picnic.

We all had done many activities like zipline “Khatro Ka Khel”, playing in trampoline and many more. Our team instructor name was Nishu Sir. He led our team very well and helped us to perform every activity.

Then we danced for about an hour and that was the best part for me. The lunch at the farm was delicious and there was also a dessert section of Jalebi, Gulab Jamun, etc. I would like to thank my respected Manager Sir (Bade Sir), MD Sir, HM Ma’am & Incharge Ma’am for organizing such a great picnic.

We checked out from the park at around 3:15 pm in the afternoon and returned to school at around 6:00 pm in the evening and went back home with such wonderful experience. I described the day’s activities to my parents.

I remember nothing from the return journey as we were all tired by the end of the day. Our legs were paining. Thus, almost everyone was asleep in the bus while returning. It was a day well spent with lifelong memories.

**Anshuman Pandey**

## Music

Music is one of the most peaceful things in the world. So, what does music mean? It is a pleasant sound that makes us feel better, or we can say that it is a wonderful sound that is produced by musical instruments. The person who knows and plays music is called a musician. Many musicians say that music has the power to heal broken hearts. Is it true? Yes, of course, it is. It is so heartwarming that music can heal the human mentally and emotionally. It can control the emotions of a human. Music can make us feel better, happy or make us cry. Music is the soul to life. Some people are addicted to it. Listening to the music is one of the best therapy. Some of the sounds that makes us fresh are – chirping of birds, sound of water droplets, calm music of songs, etc. Listening music is also a hobby. It can cure many problems such as anxiety, depression, etc. One can listen to the music at any moment of life, in good moments as well as in bad and sad moments. It is present in our surrounding wherever we go.

## Parliament Breach 2023

It was on 13<sup>th</sup> December, 2023 that two intruders entered the Lok Sabha chamber from the public gallery. It happened on 22<sup>nd</sup> anniversary of the 2001 Parliament Attack. It was around 1 PM that they entered the Lok Sabha. The intruders released a yellow – coloured smoke canister and the other two individuals outside the Parliament chanted slogan “Tanashahi nahi chalegi”.

It happened during Zero hours when the BJP member Rajendra Agrawal was addressing the session. Both the Lok Sabha and Rajya Sabha were adjourned. This caused chaos and panic within the house. The speaker of the Lok Sabha also ordered the assistance

of Delhi Police. Central Industrial Security Force has also started an investigation.

The breach later led to the suspension of 146 opposition parliament member, 95 from Lok Sabha, 46 from Rajya Sabha.

The four accused have been arrested and identified as Sagar Sharma, Manoranjan D, Amol Shinde and Neelam Devi.

## The Nature

Nature gives us many things,  
It gives baby birds wings.  
The explorer of nature gets immense joy,  
The nature never decoys.  
For God's sake, don't destroy nature,  
For it binds our future.  
It's the best experience that humans have ever had.  
Cutting and destroying trees make the nature sad,  
But for it, we don't feel bad.  
Nature is a god given gift,  
Where the wind is swift.  
The cold wind that blows,  
For nature it destroys our inner foes.  
The lap in which we sit,  
That is nature's spirit.  
Bright sunshine in the morning,  
Gives joy to each and everything.

A rainy day with a sense of happiness,  
Takes away our stress.  
So, please open your eyes,  
For nature always cries.

**Anurag Mishra**

## Nature's Medicine is Man's Cure

Every fallen leaf is a blessing. However, how many such blessings are we left with? Corals are taking their last breath. Monkeys are leaving their much-loved forests. Even defreezing in frozen grounds can and has unleashed diseases, which are beyond our control. If we limit the use of chlorofluorocarbons, the ozone layer won't get depleted and the savings can be invested more in renewable resources of energy to generate electricity. Reforestation can relieve our earth and hence our lungs. With a safe refuge for animals, diseases in them shall not become a new threat to humans. But that's on a larger scale. At home, we can use natural lighting, instead of tube lights and try to use bicycles for short journeys, to ensure reduction of carbon dioxide and hence global warming. These will minimise the nature's wrath in the form of cyclones, earthquakes and landslides. Recovery is something that we have to work on every day and it doesn't get a day off. By sustaining the Earth, we sustain ourselves!

**Akshita Tripathi**

## I Would like to Be a Car...

If I get any wish fulfilled,  
I would like to be a car  
I would travel the world around  
And transport people place to place  
It would be like a dream  
If I get a chance to be a car  
I would like to help other people  
I would love other people's life  
It would be great  
If I will be a sports car  
I will win every award  
Everyone would like to drive me  
If I get a chance to be a car.

**Pratibha**

IV-B

## Increasing Pollution

As we all know that Pollution is increasing day by day. Let us consider the news which the government has decided to close the school. Will the pollution rate dip to the low position? Even if it improves a bit, what about our education? For me I think, these pollution cases have increased by burning firecrackers, as they have toxic gases that harms our lungs. People are also dying because of Pollution.

Some different kinds of Pollution:-

1. Air pollution
2. Soil Pollution
3. Noise Pollution
4. Water Pollution

Few measures to minimise pollution:-

1. Do not Burn firecrackers.
2. Do not make loud noises or play loud music.
3. Do not throw garbage on roads or in water bodies.
4. Use Paper bags to carry items.
5. Throw garbages and plastics in the dustbin.
6. Keep roads, lakes, sea etc. clean.

**Aarav Sharma**

## If you wish....

If you wish to see,  
See the greatness of your teachers and parents.  
If you wish to hear,  
Hear the speeches of your friends given on  
Special Days like Republic Day, Independence Day.  
If you wish to speak,  
Speak in a Soft voice.  
If you wish to be brave,  
Be like our freedom fighters who have  
Bravely fought for our country.  
If you wish to love,  
Love your family and the beauty of nature.

**Kanika**  
VI-B

## The Train

A few drops of rain,  
Trembling down like a train.  
With a chain of drops,  
On the growing crops.  
As its compartments fell  
On the huge apartments.  
It took the wind as its rail,  
And went all the way in sail.  
It thought the thunder as its beep,  
And went throughout the street.  
It borrowed lightning as its headlight,  
In the silent night,  
To enjoy the beauty of Earth,  
It's journey began by quenching thirst.  
The thirst of trees and plants  
Now it replenished the river,  
The ponds, the lakes and the wells.  
It continues its journey  
Covering miles and miles.

**Harsh Goswami**

## River: Medicine of Life

Rivers are rightfully called the lifeline of humankind. We cannot imagine our survival without rivers. The fact is that a river acts as an important support for our existence by facilitating fresh water for various purposes. Moreover, in countries like India, there are several rivers that are considered sacred for their cultural significance. For example, the Ganges in the north and the Cauvery in the south are worshipped as river goddesses. Besides these a river also contributes to the riverine ecosystem, which supports aquatic and terrestrial life. However, the excessive exploitation

of our rivers has negative impacts. Due to the growing population and rapid expansion of urban areas, several rivers are becoming polluted and contaminated.

Hence, as responsible beings, we should come forward to make efforts to revive the dying rivers around us. And it requires both citizens and the government to act accordingly for its conservation. The Namami Gange Project is one such initiative introduced by the government for the cleaning of the Ganga. A healthy river system is crucial for environmental, economic and cultural spheres of a region. Therefore, we must adopt sustainable methods to consume the river water.

# विभाग

सच है, विपत्ति जब आती है,  
कायर को ही दहलाती है,  
सूरमा नहीं विचलित होते  
क्षण एक नहीं धीरज खोते,  
विघ्नों को गले लगाते हैं,  
काँटों में राह बनाते हैं

मुँह से न कभी उफ़ कहते हैं,  
संकट का चरण न गहते हैं,  
जो आ पड़ता सब सहते हैं,  
उद्योग-निरत नित रहते हैं,  
शूलों का मूल नसाते हैं,  
बढ़ खुद विपत्ति पर छाते हैं।  
है कौन विघ्न ऐसा जग में,  
टिक सके आदमी के मग में?  
खम ठोक ठेलता है जब नर,  
पर्वत के जाते पाँव उखड़,  
मानव जब ज़ोर लगाता है,  
पत्थर पानी बन जाता है।

गुण बड़े एक से एक प्रखर,  
है छिपे मानवों के भीतर,  
मेंहदी में जैसे लाली हो,  
वर्तिका-बीच उजियाली हो,  
बत्ती जो नहीं जलाता है,  
रोशनी नहीं वह पाता है।

~ रामधारी सिंह दिनकर

## महायुद्ध मानवता के विरुद्ध

दो साल से ज्यादा वक्त से रूस और यूक्रेन के बीच युद्ध चल रहा है..... अब इजरायल और फिलिस्तीन के बीच जंग हो रही है..... ऐसे में मैं अपनी कविता उन मासूम लोगों को समर्पित करता हूँ जिनका इस जंग से कोई भी वास्ता नहीं है, बावजूद इसके वो इसका शिकार हो रहे हैं.....

जब जब दुनिया में जंग होती है, मानवता को झुलसाती है।

खून अपनों का गिरे या परायों का, खेत अपने जले या औरों के।

बम घरों पर गिरे या सरहद पर, रूहे - तामीर (इमारत) जख्म खाती हैं।

युद्ध दो देशों में होता है, संकट पीढ़ियों पर होता है।

है अपनी यही कामना, जंग से न हो कभी सामना।

वसुधैव कुटुम्बकम् का नारा, सम्पूर्ण विश्व परिवार हमारा।

अरनव गोदियाल  
चौथी / अ

## सोशल मीडिया का चक्रव्यूह

सोशल मीडिया का जाल चारों ओर छाया है,

जिसे देखो, उसे यह भाया है।

कहीं स्टेटस तो कहीं फ़िल्टर की मोह माया है।

आलम ऐसा है जनाब कि सोते जागते सिर्फ इसका ख्याल आता है।

इसी से दिन शुरू ओर इसी में रात बिताता है।

फोन रिंग की आवाज सुनकर सब कुछ छोड़ दौड़ आया है,

जैसे किसी का सन्देश आया है।

ना जाने इन फिजूल के कामों में दिमाग लगा कर।

तूने अपना कितना समय गंवाया है।

अब तुझे खुद ही समझना होगा,

इस फालतू चक्कर से बाहर निकलना होगा।

अभी भी समय है तुझे संभलना होगा,

सोशल मीडिया के चक्रव्यूह से निकलना होगा।

संस्कृति घिलडियाल

## दोस्ती

दोस्ती हमारी उम्रभर निभाना,

गम हो या खुशी साथ न छोड़ जाना,

वक्त आये चाहे जैसा भी,

परछाई बनकर साथ चलते जाना

कब वक्त बुरा गुजर जाएगा,

दोस्ती के साये में तेरी

कुछ पता न चल पायेगा।

दोस्ती की मेरी लाज तुम रखना,  
तोड़े जो दिल ऐसा काम न करना,

पल - पल तेरा साथ हम भी देंगे,

दोस्ती की खातिर तेरी,

हम जान भी देंगे।

तू ये न समझना कभी,  
हम तेरा साथ कभी छोड़ेंगे,  
जिस मोड़ पर दे तू आवाज़,  
तेरे साथ हम वहाँ चलेंगे ।

दोस्त सच्चा होता है वही,  
जो उम्रभर साथ निभाए,  
गम हो या खुशी हो,  
साथ न छोड़ जाए,  
दोस्ती हमारी भी ऐसी हो,  
ये दुआ हम करेंगे ।

रिद्धिमा सिंह

## कृष्ण विवर (ब्लैक होल)

अंतरिक्ष में ज़रा सी भी रूचि रखने वाले व्यक्ति ने ब्लैक होल का नाम तो सुना ही होगा। इसे हिंदी में कृष्ण विवर के नाम से जाना जाता है। यह अंतरिक्ष का ऐसा क्षेत्र है जहाँ कोई वस्तु या खगोलीय पिंड चला जाए तो वापस नहीं आ सकता। क्योंकि इसका गुरुत्वाकर्षण बल बहुत अधिक होता है, प्रकाश भी इसमें प्रवेश करने के बाद वापस नहीं लौट सकता। यह कृष्ण विवर जितने खगोलीय पिंड को निगलता जाता है वो उतना ही विशाल और ताकतवर होता जाता है। इससे हॉकिंग रेडिएशन निकलता है, जिसकी खोज स्टीफन हॉकिंग नाम के वैज्ञानिक ने की थी इसलिए इस रेडिएशन का नाम हॉकिंग रेडिएशन पड़ा। यह रेडिएशन अपने से टकराने वाली किसी भी खगोलीय पिंड को नष्ट कर सकता है। आमतौर पर कृष्ण विवर हमारे सूर्य से कई गुणा विशाल होते हैं। यहाँ तक की इस अंतरिक्ष का सबसे छोटा कृष्ण विवर भी हमारे सूर्य से दस गुणा विशाल है।

इस अंतरिक्ष में तीन प्रकार के कृष्ण विवर पाए जाते हैं। इनके नाम कुछ इस प्रकार हैं:-

१. तारकीय कृष्ण विवर
२. मध्यवर्ती कृष्ण विवर
३. महाविशालकाय कृष्ण विवर

हम कृष्ण विवर के बारे में ज्यादा जानकारी नहीं रखते हैं क्योंकि इन्हें अंतरिक्ष में खोज पाना असंभव के समान है।

## हिंदू - मुस्लिम

हिंदू - मुस्लिम भाई - भाई,  
तो फिर क्यों करें लड़ाई ।

जब हैं सब इंसान,

तो फिर क्यों खींचे बंदूकों  
की कमान ।

जब इतना कीमती जीवन  
है मिला,

तो क्यों न बनाए एक खूबसूरत  
बंधुता का किला,

भगवान और अल्लाह की भी यही है चाह,

एक दूसरे को दें, दिल में पनाह ।

चलो मिलकर कसम खाएँ,

सारे जहाँ को दंगो से बचाएँ ।

वंशिका नन्दनी  
सातवीं / अ

## विभिन्नता में अभिन्नता

अनेकता में एकता ही हमारी शान है,  
इसीलिए हमारा देश महान है।  
तेरा मेरा भूलकर अहंकार को दूर कर  
वसुधैव कुटुंबकम् को अपनाया है।  
पूर्वजों ने ऐसे अपने देश को आगे बढ़ाया है,  
इसीलिए भारत महान बन पाया है।  
मिलजुल कर सब साथ रहें  
जात-पात का अंत करें।  
चलो, किसी के दर्द का मरहम बन जाँँ  
भारत को कामयाबी की ओर ले जाँँ।  
प्यार से शुरू करके इंसानियत की कहानी  
नफरत को दूर कर बोले मीठी वाणी  
बच्चे- बच्चे के मन में आदर सम्मान होगा।  
भारत के प्रति सबको अभिमान होगा।  
अनेकता में एकता ही है अपनी विशेषता  
देश की अखंडता ही है हमारी सफलता।  
कुछ योग, कुछ सूर्य नमस्कार करके  
चंद्रयान और सोलर मिशन पर  
आदित्य और प्रज्ञान का आभार रहेगा।  
वैज्ञानिकों पर गर्व सदा स्वीकार रहेगा।  
सबकी शिक्षा, सबकी रक्षा, सबका स्वास्थ्य,

सबकी सेवा  
से हम नया  
आगाज़  
करेंगे  
भारत  
को अतुल्य  
बनाकर हम  
सभी  
नए भारत

का निर्माण करेंगे।

अनेकता में एकता ही हमारी शान है,  
इसलिए हमारा देश भारत महान है।

पहल श्रीवास्तव

## अपनी धरती हरी बनाएँ !!

धरती बोली पेड़ लगाओ, संसार को सुंदर बनाओ।  
मनुष्य पेड़ काट रहा है, धरती को सूना बना रहा है।  
पेड़ धरती की शान हैं, जीवन की मुस्कान हैं।  
छाया ये हमको देते हैं, फल भी इनपर भरपूर होते हैं।

एक एक यदि हम पेड़ लगाएँ,  
तो हम एक बगीचा बनाएँ।  
आओ मिलकर कसम खाएँ,  
अपनी धरती को हरी भरी  
बनाएँ।

अनन्या सिंह  
पाँचवीं / अ

## माँ

नित छोड़ नए निज के सपने, बुनती हर पल रिश्ते  
कितने।

है आज धरा पर हम जितने, उस माँ की कोख के हैं  
अपने।।

न दर्द हमें कभी अहसास हुए, उसके आँचल से सब  
खास हुए।

बीता बचपन कब बड़े हुए, उसके साये में खड़े हुए।।

माँगा जो पाया बिना कहे, उसने हमारे हिस्से के भी

दुःख सहे।

ना झलकी पीड़ा, ना आँसू बहे।।  
आज जिन्हें छोड़ हम 'परियो' के  
गुलाम हैं, वो भी किसी कोख की  
आन है।

दें सभी रिश्तों को दर्जा, पर "माँ" से  
बड़ा रिश्ता कोई नहीं, क्योंकि इस दुनिया  
में उससे प्यारा कोई नहीं।।

अनुष्का पांडेय  
आठवीं / अ

## जीवन की सीख

सूरज सिखलाता है हमको सुबह सवेरे उठना,  
सिखलाती है हवा सुबह की लय में चलते रहना।

चाँद हमें सिखलाता देना जग को नया उजाला, तारे  
कहते गीत सुनाओ झिलमिल मस्ती वाला।

पेड़ हमें सिखलाता सारे दिन मेहनत में तपना, कोई  
चोट अगर दे, तो भी फल से झोली भरना।

नदी बताती कल - कल सरोवर में बहना, मेरा भाई  
झरना कहता पल - पल सबका बनना।

आसमान हँसकर कहता मुझसे सीखो तुम अपनापन,  
धरती कहती है धीरज से फैलाओ अपना मन।

खिल - खिल हँसते फूल बताते हर  
दुःख में मुस्कान, कोयल कहती  
सीखो मुझसे नए विश्व का गान।

अच्छी बातें अगर सभी की सीखी  
हमनें भाई, तो धरती पर प्यार  
सरीखी महकेगी अमराई।

आनया  
पाँचवीं / अ

## हम बेचारे गरीब बच्चे

हम बेचारे गरीब बच्चे, हमपर थोड़ी दया करो.....२  
दयावान से थोड़ी दया, हमें भी दिलवा दो।

टीचर्स से थोड़ा हमें भी, परिचित करवा दो।।

शिक्षा की सीढ़ियाँ भी, हमें चढ़वा दो।

विद्यालय के अंदर, हमें भी बैठा दो।।

हम बेचारे गरीब बच्चे, हमपर थोड़ी दया करो .....२

हमें भी शिक्षा के साथ, विद्वान बना दो।

हमें भी ज्ञान देकर, धनवान बना दो।।

लोगों की जान बचाने के लिए हमें भी डॉक्टर बना  
दो।

हमें शिक्षा का पाठ पढ़ाकर, दुनिया में काबिल बना  
दो।।

हम बेचारे गरीब बच्चे, हमपर थोड़ी दया करो.....२

हम भी आसमान में घूमना चाहें, विज्ञान पढ़ा दो।

शास्त्रों का अध्ययन  
करना चाहें, हिंदी से  
पूर्णतः मिलवा दो।

बड़ी कंपनी में  
अफ़सर बनना चाहें,  
अंग्रेजी का साथ  
दिलवा दो।।

हम बेचारे गरीब बच्चे,  
हमपर थोड़ी दया करो।

हम बेचारे गरीब बच्चे, हमपर थोड़ी दया करो।...

अल्बिन सिंह

## मेरी खास दोस्त

पल में खफा होती, दूसरे ही पल मान भी जाती है,  
नाराज होने का नाटक करके मुझे बहुत सताती है ।  
कह दे जो कोई बुरा मुझे, उससे भी वह लड़ जाती है,  
अपना हक समझ हर एक बुरी नजर से मुझे बचाती है ।

वैसे तो बड़ी-बड़ी बातें कर बहुत समझदार बनती है,  
मगर खुद में एक मासूमियत भरी छोटी सी बच्ची है ।  
खुद पागलपन हजार करती, मगर मुझे पागल बुलाती है,

सीधी सुलझी पर अपनों  
में उलझी वह बिंदास  
कहलाती है ।

बस इतनी एक खास  
दोस्त है मेरी जो मुझे बहुत  
सताती है,

पर थोड़ी देर जो वह पास  
नहीं होती उसकी याद  
रुलाती है ।

अनन्या झा  
छठी / ब

## एकता से प्रगति की ओर...

आजाद कुछ यूं हुए हम निर्धनता लाचारी के साथ ।  
नेतृत्व नहीं हर पंक्तिबद्ध का बेड़ियाँ तोड़ने में हाथ ॥  
मानसिकता कुचल गुलामी की उद्योग लाए पंडित जी ।  
दो भागों में देश को बटने से रोक न पाए पंडित जी ॥  
गुटनिरपेक्ष नीति संग अंतर्राष्ट्रीय पहचान बनाए थे ।  
मजबूती से खड़ा भारत कृषि उद्योग साथ लाए थे ॥  
कुचक्र में पड़कर भ्रष्टाचार की, आशाएँ जो खो गईं ।

राष्ट्रभक्त के नेतृत्व से फिर वह और मजबूत हो गईं ॥  
सपेरे का देश कहने वाले हमें आधुनिक अब कहते हैं ।

अर्थव्यवस्था की  
मजबूती से  
डिजिटल अब  
हम रहते हैं ॥

भयंकर  
महामारी से  
विकसित भी  
जब लड़ ना  
पाए ।

टूटे ख्वाबों की हिम्मत  
बन भारतीय वैज्ञानिक आए ॥

मजदूर से डॉक्टर तक मुसीबत में साथ चल दिए ।  
भयंकर पीड़ा सहकर भी हर समस्या के हमने हल  
दिए ॥  
साइकिल पर रॉकेट ढोने वाले, चाँद का सपना देख  
रहे ।

मजाक बनाया जिसने वह चंद्रयान सफलता से चौंक  
रहे ॥  
कर्मशील भारत के हौंसले, अब दुनिया में सबसे आगे  
हैं ।

प्रगति की दौड़ में सबको साथ लेकर, भारतवर्ष जागे  
हैं ॥

शामिल हुए अतिथि जी-20 में, भारत का लोहा माना  
है ।

कंधे से कंधा मिलाते हम, हर कोई भारतवर्ष का  
दीवाना है ।

संदीप  
(अध्यापक)

## हमारा डेविड (स्कूल)

अद्वितीय, हमारा डेविड है,  
सुंदर है इसका प्रांगण।  
अनुभवी और सुशिक्षित हैं,  
जिसके सभी अध्यापकगण।

शत-प्रतिशत रहता है,  
जिसका सदा परीक्षा फल।  
चौकने की बात नहीं,  
है इसकी ये मेहनत का फल।

जितनी भव्य इमारत इसकी,  
उतने सुंदर बच्चे हैं।  
सभी क्षेत्र में जो करते हैं,  
कार्य सदा ही अच्छे हैं।

तभी तो उत्तर प्रदेश के गाजियाबाद में,  
अपना लोहा मनवाया है।  
सम्पूर्ण जिले की कविता प्रतियोगिता में  
डेविडयन विद्यार्थी अव्वल आया है।

स्कूल भले ही अनेक हैं,  
पर डेविड है नंबर एक।  
कीर्तिमान स्थापित करता,  
नित्य नए अनेक।

सातवीं / ब

## पौधे हमारे साथी हैं

पौधे हमारे साथी हैं,  
इनकी रक्षा करना है धर्म हमारा।  
इनकी सुरक्षा में ही है,  
हमारे जीवन की खुशियों का आधार।  
ये देते हैं जीवन हमें,

हमको रखना है इनका ध्यान।  
इनको कभी न कटने देंगे,  
जीवन अपना बर्बाद न होने  
देंगे।

ये देते है हमें शुद्ध हवा,  
खुद सहते हैं सारी सजा।  
धुप-बारिश सब हैं सहते,  
हम सबको खुशियाँ हैं देते।  
पौधे हमारे साथी हैं,  
इनकी रक्षा करना है धर्म हमारा।  
इनकी सुरक्षा में ही है,  
हमारे जीवन की खुशियों का आधार।

आन्या  
तीसरी / अ

## एकता से प्रगति की ओर

पूरे विश्व में अपनी अलग पहचान है रखता,  
ऐसा भारत देश है अपना।  
विज्ञान में अनंत देशों को पीछे छोड़ा,  
कृषि उद्योगों को बढ़ावा देता,  
अर्थव्यवस्था में उत्कृष्टता की ओर है बढ़ रहा,  
सुरक्षा में भी समर्थ है भारत अपना।  
'वसुधैव कुटुंबकम्' का है सपना,  
एक सूत्र में पिरोकर सबको आत्मनिर्भर बनाता,  
भेद - भाव न हमें सिखाता,  
ऐसा भारत देश है अपना।  
रंग रूप या हो जात - पात,  
इस धरा पर है एकता की स्थापना,

नवभारत की यह परिकल्पना,  
सबको साथ में लेकर चलना,  
ऐसा भारत देश है अपना।  
चाँद को छूकर आँ हैं,  
मंगल पर अपना तिरंगा लहराएँ  
हैं,

प्रेम - भाव सबके हृदय में पुनः स्थापित करवाएँ हैं,  
विश्व में अपना स्थान बनाएँ हैं।

ऐसा भारत देश है अपना।

देवता हैं सबके भिन्न - भिन्न, लेकिन संस्कृति है एक,  
ग्रन्थ हैं सबके भिन्न - भिन्न, लेकिन सीख है एक,  
पहनावे हों चाहें भिन्न - भिन्न, लेकिन शरीर के तत्व हैं  
एक,

प्रांत हो चाहे भिन्न - भिन्न, परन्तु, भाव से भारत है  
एक!

स्वस्ति सिंह  
आठवीं / अ

## छोड़कर जाने वाले

जब कोई छोड़कर चला जाता है,  
अपने सारे बंधन तोड़कर चला जाता है।

रह जाती है जो स्मृतियाँ बाकी,  
बन जाती है वो अपनों की साथी।

बिन कुछ कहे बिन कुछ सुने अचानक ही,  
वह सबको तन्हा छोड़ जाता है।

किसी को जिम्मेदार बनाकर,

किसी को लाचार बनाकर,

इस दुनिया से विदा लेकर,

खुद को यादगार बना जाता है।

किसी जगह को वीरान कर,  
किसी के मन को परेशान  
कर,

अपने सारे बंधन तोड़कर  
चला जाता है।

तो याद बहुत वो आता है।

तो याद बहुत वो आता है।

भव्य सिंह रावत  
सातवीं / ब

## बदलती दुनिया

नई पीढ़ी की हो गई शुरुआत,

बेटा कहता बाप से तुम्हारी क्या बिसात।

लोग भूखे - प्यासे मर गए,

इंसानों के पापों के घड़े भर गए ।

अब इस दुनिया में न बची इंसानियत नाम की चीज़,

इंसानों की जड़ें बेकार हुईं,

बोकर बेकार का बीज़।

मदद के लिए गिड़गिड़ाकर लोग सबके सामने रोए।

उनको देखकर भी दया करें न कोए।

अच्छे लोग सीमित हैं, स्वार्थी लोग भरपूर,

अपने कामों में व्यस्त सभी हो गए एक - दूसरे से  
दूर।

भेद - भाव लोगों में बढ़ गया,

कोई अमीर कोई गरीब हो गया।

मुँह के सामने करते तारीफ रखते मन में खोट,

दोस्तों ने तोड़े बहुत दिल, लग गई गहरी चोट।

सूरज अब तो डूब गया, रह गया केवल अंधकार,

अब मदद करने पर भी न कोई करें प्रकट आभार।  
कपटी दोस्त अच्छे लगे, अच्छे दोस्त बेकार।  
अच्छे दोस्त जब काम आए, माने खुदसे हार।  
इन्सान बने पत्थर दिल, जिसको तोड़े न कोए,  
भगवान ऊपर से बोल पड़े, मेरी दुनिया में ये क्या होए।

नई पीढ़ी की हो गई शुरुआत,  
बेटा कहता बाप से तुम्हारी क्या बिसात।

आठवीं / ब

## पंडित रामाकृष्णा (तेनाली रामा)

पंडित रामाकृष्णा का जन्म १६वीं शताब्दी में २२ सितम्बर १४८० में गुनपुर जिला के तेनाली गाँव में एक मध्यम वर्ग के पंडित परिवार में हुआ था।

तेनाली रामा या पंडित रामाकृष्णा, कृष्णदेवराय के अधीन १६वीं शताब्दी के विजयनगर साम्राज्य में एक प्रसिद्ध दरबारी, विदूषक प्रमुख सलाहकार और साथ में कृष्णदेवराय के परम मित्र भी थे। दिल्ली सल्तनत के बाद पूरे भारत में सबसे बड़े साम्राज्य के महान राजा श्री कृष्णदेवराय और रामाकृष्णा का महान राज्य विजयनगर था।

तेनाली रामा को कोई भी व्यक्ति अगर चुनौती देता तो वह उसे स्वीकार कर लेते थे। उनकी कहानियाँ समस्याओं के चतुर समाधान और विरोधियों के साथ मजाकिया मुठभेड़ों को दर्शाती हैं। पंडित रामाकृष्णा की मृत्यु त क पूरे विश्व में कोई भी व्यक्ति उन्हें शास्त्रार्थ में पराजित नहीं कर सका था।

उन्होंने अपनी बुद्धि कौशल के बल पर बड़े-बड़े महारथियों का भी सामना किया है और उन्हें पराजित भी किया है इसलिए वे प्रकांड पंडित रामाकृष्णा कहलाते हैं। यद्यपि एक पुष्ट

ऐतिहासिक छवि का अभाव है, फिर भी उनका चरित्र भारतीय लोक कथाओं में पनपता है। बुद्धिमत्ता और हास्य का मिश्रण है। तेनाली रामा की स्थायी विरासत को उन कहानियों द्वारा चिह्नित किया गया है जो उनकी चतुराई की कालातीत अपील और कृष्णदेवराय के दरबार में उनके योगदान के सांस्कृतिक महत्व पर जोर देती हैं।

अगर आज तेनाली रामा जीवित होते तो उनकी चतुराई और व्यंग्य से भरे दृष्टिकोण को समस्त मुद्दों में हास्य और समझदारी का आधार बना सकते थे।

परंतु उनकी मृत्यु सन १५२८ में बड़े ही रहस्यमय ढंग से हुई। फिर भी वे आज भारत वर्ष के हरेक नागरिक के दिलों में वास करते हैं। जहाँ भी बुद्धि और चतुराई की बात की जाती है। तो पंडित रामाकृष्णा का उदाहरण सबसे पहले दिया जाता है।

आशुतोष राज  
आठवीं / ब

## नृत्य.....

नृत्य मानवीय अभिव्यक्तियों का एक रसमय प्रदर्शन है। यह एक सार्वभौम कला है, जिसका जन्म मानव जीवन के साथ हुआ है। बालक जन्म लेते ही रोकर अपने हाथ पैर मार कर अपने भाव-अभिव्यक्त करता है कि वह भूखा है - इन्हीं आंगिक - क्रियाओं से नृत्य की उत्पत्ति हुई है।

यही नहीं प्रत्येक विद्या किसी विशिष्ट क्षेत्र अथवा व्यक्तियों के सामूहिक लोकाचार का प्रतिनिधित्व करती हैं। चौसठ कलाओं में नृत्यकला का स्थान अहम् है। कहा जाता है कि त्रेतायुग में देवताओं की विनती पर ब्रह्माजी ने नृत्य वेद तैयार किया, तभी से नृत्य की उत्पत्ति संसार में मानी जाती है।

भारत में नृत्यकला को दो वर्गों में बाँटा जाता है। (i) शास्त्रीय नृत्य व (ii) लोकनृत्य भरतनाट्यम भारत का राष्ट्रीय नृत्य माना जाता है। इसमें इसके अलावा कथक, ओडिसी, कुचीपुड़ी, कथकली व मोहिनीअट्टम

प्रमुख शास्त्रीय नृत्य है। भरतनाट्यम शैली की खास विशेषताएँ नायक नायिका प्रसंग पर आधारित पद अथवा कविताएँ हैं।

सभी राज्यों के लोक नृत्यों की विभिन्न शैलियाँ हैं जैसे:- उत्तर प्रदेश में चरकुला नृत्य, आंध्र प्रदेश में कुचिपुडि, मध्य प्रदेश में मटकी, राजस्थान में घूमर, पंजाब में भांगड़ा आदि इस प्रकार सभी राज्यों की अपनी-अपनी विशेष नृत्य शैलियाँ हैं।

नृत्य से शारीरिक रचनात्मक, कल्पनाशील, भावनात्मक और बौद्धिक क्षमताओं का विकास होता है। इसके लिए सामाजिक कौशल की भी आवश्यकता होती है।

नृत्य करने से तनावमुक्त रहा जा सकता है। नृत्य स्वास्थ्य में सुधार करता है। नृत्य करने वाला सामाजिक गतिविधि को आसान बनाता है। संज्ञानात्मक प्रदर्शन को बढ़ाता है। इसलिए नृत्य कैसा भी हो दिल खोलकर अपनी भावनाओं को नृत्य के माध्यम से उजागर कीजिए।

वर्तमान जीवन जो विभिन्न सुविधाओं को जुटाने की भाग-दौड़ में अस्त-व्यस्त हो चुका है, व्यक्ति का सुख चैन-छिन चुका है व तनाव के कारण मानसिक बीमारियों का शिकार होता जा रहा है।

ऐसे में विभिन्न नृत्य कलाएँ ना केवल उसे रोगमुक्त करती हैं अपितु शरीर और मन के साथ जीवन को भी सुदृढ़, संस्कारित कर हमें न केवल व्यक्तिगत रूप से बल्कि सामाजिक और सांस्कृतिक रूप से भी देशकाल के योग्य बनाती हैं।

सीता (नृत्य अध्यापिका)

## श्रीकृष्ण

मथुरा की जेल में जन्म लिया और गोकुल में बचपन शुरू हुआ। अपने नटखटपन से गोवर्धन, वृंदावन, नंदगाँव के लोगों को जीवन की बहुमूल्य सीख दी। ग्वालियों के भोलेपन से प्रभावित गोपाल ने 'कर' चुकाने पर भी सुविधा न उपलब्ध कराने वाले कंस के प्रशासन को सबक सिखाया।

गाँव के लोगों को प्राकृतिक संसाधनों का महत्व समझाते हुए 'गोवर्धन-पर्वत' की पूजा करवाई। महिलाओं को अपने आत्मसम्मान की रक्षा करना सिखाया। नदी, पहाड़, पेड़, पालतू पशु जैसे गाय हमारे आसपास का पर्यावरण हमारे लिए कितना आवश्यक और महत्वपूर्ण है, यह हमें बताया। जो आज कोरोना के समय हमें अधिक प्रासंगिक होता हुआ नजर आया क्योंकि भारत की अर्थव्यवस्था कृषि ने ही संभाली है, वहीं बहुत से देश धराशाई हो गए।

सांदीपनी गुरु के आश्रम में रहकर 64 दिन में 64 कलाएँ सीखने वाले भगवान कृष्ण का संपूर्ण जीवन कष्ट में बीता। वे सदा संकटों से घिरे रहे फिर भी उनके चेहरे पर मुस्कान ज्यों-की-त्यों बनी रही। हर परिस्थिति में संयमपूर्वक व्यवहार करने वाले भगवान श्री कृष्ण हरि (अर्थात् भगवान विष्णु) के अवतार माने जाते हैं।

उन्होंने अपने इस अवतार में मनुष्य को हर क्षण संघर्ष करना, कर्म करके फल की चिंता ना करना और मुस्कुराते हुए जीवन जीना अर्थात् सदा प्रसन्न रहना सिखाया है।

विश्व का सबसे घातक अस्त्र 'सुदर्शन चक्र' उनके पास था, फिर भी उनके हाथ में सदा 'बांसुरी' रही। बांसुरी से उन्होंने लोगों को सदभावनापूर्वक जीवन जीना सिखाया। बांसुरी द्वारा 'राग मलार' गाकर वे न केवल मनुष्य बल्कि पशु पक्षी को भी प्रभावित कर देते थे।

अतः हमें केवल उनको भगवान मानकर उनकी पूजा करने की अपेक्षा उन्हें अपने जीवन का 'आदर्श' बनाना

चाहिए ताकि हम भी जीवन के उत्थान को ध्यान में रखें और उनकी तरह दुख या सुख में मुस्कुराते हुए कठिनाइयों का सामना करें और अपनी लक्ष्य की प्राप्ति कर समाज के लिए उपयोगी बनें ।

जय श्री कृष्णा!

## “नहर का सफर” (मेरा संस्मरण)

गाँव जाने का मौका जब भी मिलता तो सदा मन में एक ही विचार आता की नहर के उस पुल पर जाना है पता नहीं क्यों, वह मुझे अपनी ओर खींचता जबकि वह साधारण पुल की ही तरह ईंटों से सुसज्जित पुल था।

सुबह सवेरे गाँव के लोग खेतों की ओर निकलते और नहर के किनारे-किनारे कुछ दूरी तक तेज चाल से चलते हैं फिर पुल पर आकर बैठ जाते और कहते-

शहर के लोगों को यह सुख कहाँ? धीरे-धीरे चर्चा का विषय बदलता रहता और गाँव की चौपाल की जगह पुल ही चौपाल का रूप ले लेता। मैं उनकी बातों को बड़ा ध्यान से सुनता क्योंकि

उनकी हर बात में कुछ-ना-कुछ ज्ञान छुपा होता था एक ऐसा ज्ञान जिससे मैं वंचित था या शायद शहर वंचित है।

धीरे-धीरे सब अपने-अपने काम की ओर निकल जाते। मैं वहीं बैठा रहता और घंटों उस पुल के नीचे बहने वाली नहर को निहारता रहता। बिना पलक झपकाए, एकाग्रचित हो; मैं नहर और पुल के उस हिस्से को देखा करता, तो ऐसा लगता कि मानो रनवे पर हवाई जहाज दौड़ रहा हो।

नहर भी कोई साधारण नहीं गंगा का ‘शुद्ध जल’ इसमें प्रवाहित होता है । वह गंगा जिसके वेग को रोकने के लिए भगवान शिव को अपनी जटाएँ खोलनी पड़ी थीं ।

वह गंगा जिसे महातपस्वी, कर्तव्यनिष्ठ राजा भागीरथ के पूर्वजों का उद्धार करने के लिए उनके पीछे-पीछे चलना पड़ा। जिसे परम तपस्वी

महाराज भागीरथ ने मार्ग दिखाया था किंतु उसकी चंचलता को वे रोक नहीं पाए थे। वही गंगा जिसके वेग से कुपित हो

ऋषि ने अपने कमंडल में भर लिया था। वही गंगा जिसने उत्तर भारत का निर्माण करने में अपनी महत्वपूर्ण भूमिका निभाई है। वही गंगा जिसके किनारे पर ऋषिकेश, हरिद्वार, काशी, पाटलिपुत्र, कानपुर जैसे ऐतिहासिक शहर उसके पवित्र जल को प्रदूषित करके भी उसकी कृपा से शुद्ध सांसे ले रहे हैं । वही गंगा जिसे बदले में प्रदूषण इन शहरों से प्राप्त हुआ है।

इस नहर की आभा में एक अलग ही आकर्षण था जो शायद कुछ ही लोगों को दिख पाता था अन्य लोग वहाँ बहता हुआ पानी किनारो पर बड़ी-बड़ी झाड़ियाँ पानी में बहती हुई मांस, गंदगी देखा करते, तो किसीको इसमें सृजनहार नजर आते हैं।

पर किसान पुत्र होने के नाते मेरे लिए यह सृजनकर्ता ही नहीं साहित्य का विद्यार्थी होने के नाते यह नहर हमेशा मेरी शिक्षक रही है । जब-जब मैं इसके पास गया तब-तब मुझे इसने कुछ नई सीख प्रदान की है। आज फिर मैं उसके पास शिक्षा ग्रहण करने जा रहा हूँ। मुझे याद है बचपन में मैं अपने भाई के साथ खेतों की सिंचाई करने के लिए नहर के किनारे पर जाता, तो भाई नहर में कूदकर पाइप के अंदर ठुँसी गई बोरी को बाहर निकालता और पानी कुछ ही पलों में सड़क के किनारे होते हुए हमारे खेत में प्रवेश कर जाता।

हम दोनों रेतीली सड़क पर उछल-कूद करते । एक दूसरे पर पानी की बौछारें मारते हुए खेत की ओर दौड़ते चले जाते। जल्दी से उस मेंड को खोलते जो हमारे ही खेत में पानी पहुँचाती और आगे की सड़क पर मिट्टी से रास्ता बंद कर देते, फिर वहीं खेत पर आम के वृक्ष पर चढ़कर मैं चारों ओर के नजारों और खेत में आते हुए पानी को देखता।

खेत में बोए गये बीज कुछ मिट्टी की सतह के ऊपर

हल्के-हल्के नजर आ रहे थे तो कुछ मिट्टी के अंदर दबे हुए थे। पानी सभी बीजों के साथ समान व्यवहार करता वह सब की प्यास बुझाता। किंतु कुछ बीज जो ढीट थे, वह पानी की सतह

पर खेलने लगते तो कुछ बीज मिट्टी की गहराई में जाकर छिप जाते, ताकि पानी उन्हें गला ना सके। कुछ बीज ऐसा लगता कि अपने पूर्वजों की महानता के पीछे का

इतिहास जानकर आए थे इसलिए उन्होंने स्वयं के पानी को समर्पित कर दिया। नहर के जल ने उन्हें हर प्रकार से परखा। उन्हें गीला कर दिया, मिट्टी से शान दिया, धीरे-धीरे वह गलने लगे। देखने में भद्दे लगने लगे, किंतु उनका समर्पण उनका संयम ज्यों-का-त्यों बना रहा।

नहर के जल को उन पर दया आई और उन बीजों को स्वीकार कर लिया। परिणामस्वरूप वह बीज नष्ट हो गए। यह देखकर पानी में तैर रहे बीज स्वयं पर गर्व करते हैं, किंतु कुछ ही समय बाद वह बीज अंकुरित होने लगे और नहर द्वारा किए जा रहे अत्याचार से धीरे-धीरे वह एक पौधे में बदल गए। पौधे फूलों, पत्तियों फलों से लद गए।

पानी में तैर रहे बीजों को समझ आ गया कि उन्होंने कितनी बड़ी गलती की है, उन्होंने स्वयं को मिट्टी में समर्पित कर दिया और कुछ ही समय के संघर्ष के बाद वे भी खेलकर बाहर आ गए। उनमें वह चमक, वह रोचकता भले ही ना थी किंतु यह संतोष था की देर-सवेर उन्होंने संघर्ष किया और वह सफल हुए किंतु कुछ अभी भी पानी की सतह पर तैर रहे थे वह गलने-सड़ने लगे कमजोर होकर मिट्टी की सतह के ऊपर ही पड़े रहे। मिट्टी ने उनको खाद बना लिया। कुछ ऐसे भी बीज थे जो पानी से बचने के लिए हवा की सहायता से उड़कर दूसरे खेतों में चले गए थे। जब उन्हें अपने मित्र फूलों और फलों से लदे नजर आए तो उन्होंने भी स्वयं को मिट्टी और जल के हवाले कर दिया।

किंतु मिट्टी की गहराई में छुपे हुए बीज यह सब देख ना सके और पानी के संपर्क में आकर भी वे मिट्टी से

संघर्ष ना कर पाए और मिट्टी में ही दबकर उनका जीवन समाप्त हो गया अन्य पौधे उनके संघर्ष की गाथा नहीं सुन सके। वे नहीं जान पाए कि उनके भाइयों ने मिट्टी के अंदर छिपकर किस तरह से संघर्ष किया और अपने प्राणों का बलिदान दिया।

नहर की एक-एक बूंद ने इन बीजों का अस्तित्व निर्माण करने के लिए अपने-अपने पोषक तत्वों को पौधों की जड़ों को प्रदान किया। उनके बीजों को कुम्हार की तरह विशेष आकार दिया। बदले में बीज ने उनका अपमान किया। नहर फिर भी अपना काम करती रही बीजों को जब जल की महानता का यह एहसास हुआ तो उन्होंने क्षमा मांगनी चाही किंतु तब तक नहर का जल अन्य बीजों को आकार देने में संघर्षरत हो चुका था।

ऐसी महान नहर जिसके जल की एक-एक बूंद निस्वार्थ कर्म कर अपने अस्तित्व को खोती जा रही थी। उसे देखने का आज फिर मौका मिल रहा था। मैं गाँव की ओर निकल उस सड़क पर पहुँचा जो सरकार ने अभी-अभी बनाई थी। विकास के नाम पर वह सड़क जो नहर के नाम से ही नहर के ऊपर से जा रही थी। शायद नहर अपनी महानता को प्राप्त कर चुकी थी इसलिए सड़क पर टोल टैक्स वसूला जा रहा था।

अन्यथा सरकार ने तो सड़क विकास के लिए बनाई है।

सड़क के किनारे पर कुछ फैक्ट्रियाँ, आलीशान बंगले, ऊंची-ऊंची बिल्डिंग, खेल के मैदान इत्यादि नजर आ रहे थे। मैं नहर के उस पुल के पास पहुँचा और नहर की ओर देखा। उस नहर का वह उजला रंग अब लुप्त हो गया था। आसपास की फैक्ट्री और घरों का पानी उसमें प्रवाहित होकर अपने गुण उसे प्रदान करने लगा था। यह कहकर कि वह उसे शहरी रूप में ढाल रहा है यह साधारण स्वरूप उसे शोभा नहीं देता।

नहर ने उन गुणों को ना चाहते हुए भी स्वीकार कर लिया था क्योंकि उसे भी विकास की दौड़ में शामिल होना था समय से कंधे से कंधा मिलाकर चलना था। प्रगति के मार्ग पर बाधक नहीं साधक बनना था।

पिछली बार जब मैं सड़क बनने के समय पर वहाँ आया था तो नहर शायद इसीलिए उदास थी मानो वह कहना चाह रही थी कि तुम अंतिम बार मुझे हंसता हुआ देख रहे हो।

मैं जिस पुल पर खड़ा था वह भी जीर्ण-क्षीर्ण हो अपने अस्तित्व की दास्तान बयान कर रहा था। सड़क पर भारी वाहन तेजी से दौड़ रहे थे। शोरगुल करते हुए, गाने बजाते हुए, नहर इस अशांति से बहुत दुखी थी पर उसके चेहरे पर कोई उम्मीद अभी भी बाकी थी जो लोगों को देखकर उदास भरी मुस्कान में बदल जाती थी।

लोग आज भी उस पुल से होते हुए जा रहे थे वहाँ से गुजरते हुए वह अपनी नाक बंद करने लगे थे और खाँसने लगे थे। उनके फेफड़े हॉफ रहे थे वह थोड़ी दूर भी नहीं चल पा रहे थे। वे जल्दी-जल्दी उस पुल को पार करना चाहते थे क्योंकि इसकी बदबू उनसे सहन नहीं होती थी और इस सबका दोषी वह उस नहर को मान रहे थे।

**संदीप**  
(अध्यापक)

## राम मंदिर (22 जनवरी)

भारतवर्ष की सामाजिक, सांस्कृतिक, पारिवारिक, व्यक्तिक आध्यात्मिक पृष्ठभूमि का केंद्र 'श्रीराम-सीता जी' के आदर्श कर्तव्यनिष्ठ जीवन से होकर जनमानस के हृदय में प्रतिष्ठित हुए हैं।

आज जब हर व्यक्ति स्वाध्याय के बिना ही स्वयं में वक्ता को प्रकट कर चुका है और अपनी अनुभवहीनता की तुलना वह कृष्ण, चाणक्य जैसे महान व्यक्तित्व से करने में परहेज नहीं कर रहा है तब कलयुग के ऐसे क्लान्त वातावरण में भी परिवार और समाज में संयम, संतोष व कर्तव्यों की आदर्श भावना रामायण, रामचरितमानस जैसे महान पवित्र महाकाव्य के कारण व्यक्तिक व्यवहार में जीवित है। यही कारण है कि भारतीय सभ्यता व संस्कृति को 'दीर्घायु भव' का वरदान प्राप्त है।

मानवीय मूल्यों को जीवंत रखने के लिए वैश्विक धर्मावलंबियों ने भावनात्मक दृष्टिकोण से भिन्न होते हुए भी राम मंदिर के निर्माण में अपनी बहुमूल्य सहमति और योगदान दिया है, ताकि वैश्विक स्तर पर व्यक्तित्व गुणों में वृद्धि हो और विश्व स्तर पर

पारिवारिक सभ्यताओं को आदर्श प्राण-शक्ति प्राप्त होती रहे।

यही वजह है कि श्री राम जन्मभूमि तीर्थ क्षेत्र ट्रस्ट द्वारा उत्तर प्रदेश राज्य के अयोध्या नगर में मंदिर निर्माण कार्य करवाया जा रहा है। शास्त्रों को पढ़कर व पीढ़ी-दर-पीढ़ी मंदिर बनाने का अनुभव लिए गुजरात के मुख्य वास्तुकार "चंद्रकांत सोमपुरा" और उनके पुत्रों "निखिल सोमपुरा" और "आशीष सोमपुरा" ने मंदिर का वास्तुकला के आधार पर नागर शैली में प्रारूप तैयार किया। मंदिर परियोजना के ठेकेदार 'लार्सन एंड टुब्रो' व 'टाटा कंसल्टेंसी' इंजीनियर ने मंदिर की देखरेख की पेशकश की। मंदिर के निर्माण में लोहे का प्रयोग नहीं किया जा रहा है। जिसके चलते वहाँ की धरती के ऊपर बिल्कुल भी कंक्रीट नहीं है। मंदिर के नीचे 'रोलर कंपैक्टेड कंक्रीट' (RCC) बिछाई गई है जो कृत्रिम चट्टान के रूप में है। नमी से बचने के लिए 21 फीट ऊँची प्लिंट ग्रेनाइट से मंदिर की नींव तैयार की गई है।

इस मंदिर के निर्माण के लिए 5 अगस्त 2020 को प्रधानमंत्री श्री नरेंद्र मोदी जी द्वारा भूमि पूजन किया गया था। अयोध्या को हम हिंदू हमेशा से ही ऐतिहासिक तीर्थस्थल मानते आ रहे हैं। इस मंदिर की लंबाई 380 फीट, चौड़ाई 250 फीट, कुल 392 खंबे, 44 दरवाजे हैं। यहाँ भगवान श्री राम जी के बाल्यावस्था से लेकर जीवन काल के सभी स्वरूपों को दर्शाया जाएगा।

मंदिर के चारों ओर पाँच मंडप होंगे भगवान विष्णु के अवतार भगवान शिव के अवतार माता सरस्वती के अवतार

64 योगिनियों इत्यादि देवी-देवताओं को मंदिर के आसपास बनने वाले अन्य मंदिरों में प्राण प्रतिष्ठित किया जाएगा।

साथ ही राम से जुड़े किरदार जैसे निषाद, अहिल्या, जटायु इत्यादि की मूर्तियाँ भी मंदिर में स्थापित की गई है। रामलला की मूर्ति बनाने के लिए चट्टान नेपाल

की पवित्र नदी से मंगाई गई है।

प्रतिदिन 70000 श्रद्धालु के लिए मंदिर प्रांगण में रुकने की व्यवस्था की गई है। राम मंदिर में रामलला की मूर्ति की प्राण प्रतिष्ठा 22 जनवरी, 2024 को होना निश्चित हुआ है। 22 जनवरी को राम मंदिर में प्राण प्रतिष्ठा में मुख्य यजमान की भूमिका में पद्मश्री डॉ० आर.एन.सिंह रहने वाले हैं। वह इस समय विहिप के राष्ट्रीय अध्यक्ष हैं। इसी नाते उन्हें मुख्य यजमान बनाया गया।

इस दिन वहाँ विशेष कार्यक्रम होंगे। इसके अतिरिक्त विभिन्न कलाकारों के द्वारा रामलीला का प्रदर्शन सत्संग प्रवचन कथा इत्यादि कार्यक्रमों का आयोजन 25 मार्च तक चलता रहेगा।

भारत ही नहीं विश्व में मौजूद रामलला के प्रशंसक और भक्तों द्वारा अपने-अपने घर में 22 जनवरी की शाम 'दीपोत्सव' मनाया जाएगा। सांस्कृतिक रूप से महत्वपूर्ण कदम में 'थाईलैंड' भी राम जन्मभूमि पर मिट्टी भेजकर राम मंदिर के उद्घाटन में प्रतीकात्मक रूप से योगदान दे रहा है। वहाँ की दो नदियों से जल भी भेजने के संकेत दिए गए हैं। विभिन्न संस्थाओं के द्वारा लोगों में राम मंदिर की नकल के रूप में सहारनपुर के कलाकारों के द्वारा बनाए गए दो से चार इंच के मंदिर भेंट किए जाएँगे। नेपाल के मिथिला से तिलक के लिए 'अक्षत' भारतवासियों के लिए भेजे गए हैं, जो उस दिन अपने-अपने घर में मौजूद रामलला का अभिषेक करने के लिए प्रयोग किए जाएँगे।

इस तरह राम मंदिर सामाजिक, सांस्कृतिक, राजनीतिक, आर्थिक, व्यवस्था को नियंत्रित करते हुए विश्व का दिशा- निर्देश करता रहेगा।

## भजन

प्रभु तुम्हारी कृपा पाकर,  
धन्य हुई यह दासी।  
न जाने कब से बैठी है,  
तुम्हारे दर्शन प्यासी ॥

जीवन बीता रिपु संगत में,  
बिसर के तुम्हारा नाम प्रभु---2  
स्मरण कराया तुमने मुझको,  
राम श्याम का नाम।  
न जाने कब से बैठी है,  
तुम्हारे दर्शन प्यासी  
धन्य हुई यह दासी ॥

सुजाता चक्रवर्ती  
संगीत अध्यापिका

कल थी मैं मूर्ख,  
ज्ञानी मुझे तुमने बनाया है प्रभु---2  
मेरे मन की भावनाओं को,  
तुमने सजाया है।  
न जाने कब से बैठी है,  
तुम्हारे दर्शन प्यासी  
धन्य हुई यह दासी ॥

तुम हो दया के सागर,  
मैं प्रभु तुम्हारी शरणागत प्रभु---2  
हाथ पकड़ के पार करा दो  
यह भवसागर,  
न जाने कब से बैठी है,  
तुम्हारे दर्शन प्यासी ॥

## मेरी पहली पिकनिक (विशालगढ़)

रोज की तरह मैं घर से स्कूल के लिए निकला। हमारी प्रथम सत्र परीक्षा अभी हाल ही में संपन्न हुई थी। मन शांत पर चित मैं कुछ खालीपन था। इतनी कड़ी मेहनत के बाद कुछ जोश भरा, कुछ अलग, कुछ उमंग भरा, कुछ उत्साह से पूर्ण मैं कुछ करना चाहता हूँ, शायद हंसना चाहता हूँ; खुलकर हंसना चाहता हूँ। विद्यालय में प्रवेश कर सभागार में उपस्थित हुए और ईश्वर से प्रार्थना शुरू की। तभी सभागार में आदरणीय प्रधानाचार्या जी ने सूचना दी कि विद्यालय की पिकनिक जाएगी। कुछ उमंग भरा करने की चाह में मन प्रसन्नता से फूला नहीं समाया। सुनकर जल्दी से घर जाना चाह रहा था, पर दोपहर तक इंतजार करना पड़ा। जैसे-तैसे अपने को रोक पाया। घर पहुँचते ही मम्मी पापा ने खुशी-खुशी जाने की अनुमति दे दी।

28 अक्टूबर, 2023 कि वह सुबह जो मेरे लिए ऐतिहासिक बनने वाली थी क्योंकि यह मेरी पहली पिकनिक थी। भोर से पहले ही मैं विद्यालय पहुँच गया। गर्म जोशी के साथ सहपाठियों से मुलाकात की। सभी बहुत खुश और उत्साह से भरे हुए थे सब ने मस्ती करने की योजना बनायी हुई थी पर जगमिलन सर और संदीप सर को देखकर सब अनुशासित हो गए। बस में बैठते ही सब ने ईश्वर को याद किया और बस पिकनिक की ओर रवाना हो चली। मस्ती भरे जयकारों के साथ जगमिलन सर और संदीप सर का उत्साह से भरपूर वह रूप मैंने आज तक नहीं देखा था। वह हमारे साथ नृत्य करने लगे। बस अपने गंतव्य तक पहुँच गई। हम पंक्तिबद्ध होकर मनोरंजनात्मक स्थल की ओर रवाना हुए। सामने विशालगढ़ का भव्य दरवाजा हमारे स्वागत के लिए मानो अडिग खड़ा था। हमें तिलक लगाया गया, बैंड पहनाया गया और ढोल बाजे के साथ विशालगढ़ में प्रवेश दिलाया गया। वहाँ हमें एक प्रशिक्षक उपलब्ध करवाए गए। हमें दो दलों में विभाजित कर दिया गया। जगमिलन सर हमारे साथ थे।

सर्वप्रथम हमें नाश्ता करवाया गया। नाश्ते में बहुत सारे व्यंजन का स्वाद हमने लिया तत्पश्चात हमारे प्रशिक्षक ने हमें एक स्थान पर एकत्रित किया और हमारे दल का नाम "जोशीले डेविडियन" रखा गया। जवानों की तरह हमें एक्सरसाइज कराई गई और हमने

मिलकर एक नारा बनाया। "जो कुछ होता असंभव, डेविडियन मिलकर करते हैं उसे संभव!" नारा लगाते हुए कदमताल के साथ हम आगे बढ़े।

हमें ठंडी शिकंजी पिलाई गई, तदुपरांत हम उस स्थल पर पहुँचे जहाँ विभिन्न प्रकार के रस्सी से बने हुए झूले लगे हुए थे जो हमें फौजियों की ट्रेनिंग का आभास दिला रहे थे। उन पर चढ़कर हमें बहुत रोमांच हुआ। जाल के ऊपर चढ़ना, रस्सी से बने जाल को पकड़कर आगे बढ़ना, जाल के अंदर से होकर बाहर निकलना, रस्सी के ऊपर चलना, रस्सी पकड़कर ऊपर चढ़ना और फिर उतरना इत्यादि रोमांचक क्रियाकलापों से मैं इतना उत्साहित हो गया कि इसे शब्दों में बयान नहीं कर पा रहा हूँ।

ऊँट की सवारी तो मैंने पहली बार की। अब तक केवल मैं सोचा करता था कि ऊँट पर बैठकर कैसा लगता होगा, अब मुझे पता चल चुका था। कुँए से पानी निकालना, बुलट पर बैठकर फोटो खिंचवाना, धनुष-बाण से लक्ष्य साधना, रिंग को गुड्डे के ऊपर डालना, बॉल को राक्षस के मुँह में डालना इत्यादि खेल भी हमें बहुत पसंद आए इतने कि उन्हें बार-बार खेलने का मन कर रहा था पर हमें और भी खेल खेलने थे।

नारे लगाते हुए हम आगे बढ़े। हमने क्रिकेट, बैडमिंटन, वॉलीबॉल जैसे खेल टीम बनाकर खेले, जिसमें हमारे साथ संदीप सर और जगमिलन सर भी थे, जगमिलन सर की टीम हार गई और संदीप सर की टीम के साथ हम विजयी हुए।

आगे बढ़ते हुए हम जिप लाइनिंग करने पहुँचे सबसे अधिक रोमांचक पल मेरे लिए यही था, हवा में उड़ते हुए मेरे तो आनंद का ही ठिकाना नहीं रहा। ऐसा आनंद, जिसमें साथ-साथ भय भी लग रहा था कि कहाँ जाकर रुकूँगा।

दोपहर का समय हो चला था। हमें भोजन करवाया गया। भोजन में तरह-तरह के स्वादिष्ट पकवान, जैसे- राजस्थानी व्यंजन, पंजाबी व्यंजन, मुंबई की पाव-भाजी, दक्षिण भारत का इडली-डोसा और पिज्जा मुझे सबसे अधिक पसंद आए।

अब बारी थी डीजे-डांस की हम सब वहाँ पहुँचे और हमने खूब मस्ती की। हमारी मस्ती में साथ देने के लिए हमारे सर भी साथ थे। हमने उन्हें पहली बार डांस करते हुए देखा था। उनका यह रूप हमें बहुत पसंद

आया। तत्पश्चात् हमें एक स्थान पर एकत्रित किया गया और बस में बिठाया गया। शरीर थकान से चूर था पर मन में उत्साह लिए हम बस में सो गए और सीधे विद्यालय पहुँचकर ही हमारी नींद खुली। घर पहुँचकर मैंने मम्मी- पापा और सभी को पिकनिक का विवरण दिया जिसे सुनकर वे बहुत खुश हुए। इतनी रोमांचकारी पिकनिक हम डेविडयन की ही हो सकती थी। इतने आत्ममुग्ध व्यवस्थित, आयोजन के लिए आदरणीय बड़े सर, सम्माननीय प्रबंधक महोदय, सम्माननीय प्रधानाध्यापिका जी व प्रबंधन मंडल को बहुत-बहुत धन्यवाद ! अंत में मेरी विशेष कामना है कि ऐसा आयोजन हर साल होता रहे।

दिव्यांश  
आठवीं 'ए'

## विज्ञान का संस्कृत को आभार (एकांकी)

(कक्षा में बैठकर दो बच्चों में बातचीत का दृश्य)  
अतुल - संस्कृत-संस्कृत-संस्कृत जब देखो, तब संस्कृत पढ़नी पड़ती है।

प्रताप - हाँ, मित्र! सही कह रहे हो, पर चिंता की बात नहीं है, बस तीन साल झेलना है। मैं तो जैसे मुक्ति पा जाऊँगा।

अतुल- सही कह रहे हो तुम, पर यह तीन साल भी तीस साल के समान लग रहे हैं।

दिनेश- मैं तो कंप्यूटर साइंस पढ़ूँगा, क्योंकि बड़ा होकर सॉफ्टवेयर इंजीनियर बनना है मुझे।

रंजीत- मैं तो बड़ा होकर मैथमेटिशियन बनूँगा।

अंकित - मैं वैज्ञानिक बनना चाहता हूँ, जो संस्कृत से संभव ही नहीं है।

चैतन्य- क्या कह रहे हो तुम? वैज्ञानिक बनना संस्कृत से संभव नहीं है? क्या तुम जानते हो संस्कृत भाषा ने एक नहीं करोड़ों वैज्ञानिक दिए हैं?

(सभी हंसते हैं।)

रमाकांत - अच्छा, तो मुझे बताओ कौन-कौन से

वैज्ञानिक दिए हैं संस्कृत भाषा ने? करोड़ों छोड़ो दो-चार के ही नाम गिना दो?

चैतन्य- इसमें इतना चौंकने की क्या बात है, पहले चिकित्सा शास्त्री चरक और सुश्रुत हैं। जिन्होंने अपने शास्त्रों में न केवल शल्य चिकित्सा करने की जानकारी दी, बल्कि प्लास्टिक सर्जरी के बारे में भी बताया है।

रंजीत -अच्छा और पहले गणितज्ञ?

चैतन्य -अरे! तुम उन्हें नहीं जानते! न जाने भारत देश में कितने गणितज्ञ हुए हैं? उनमें से एक को मैं जानता हूँ। आर्यभट्ट जिन्होंने शून्य देकर गणना को आसान बनाया। तुम जानते हो हवाई जहाज किसने बनाया?

सभी- (एक साथ बोलते हैं।) राइट ब्रदर्स ने।

चैतन्य- वैदिक संस्कृत में पूरा एक ग्रंथ लिखा है जिसके रचयिता अगस्त्य ऋषि हैं। यह ग्रंथ हवाई जहाज पर आधारित है, जो विभिन्न प्रकार के इंधनों से चलते थे। जैसे हवा से चलने वाला पुष्पक विमान पेट्रोल, पानी, डीजल और भी विशेष प्रकार के ईंधन से चलने वाले विमान की डिजाइन उसी ग्रंथ में बनी है और उसका अध्ययन नासा के वैज्ञानिक कर रहे हैं।

दिनेश- तो कंप्यूटर का आविष्कार तो चार्ल्स बैबेज नामक अंग्रेज ने ही किया है ना?

चैतन्य- कंप्यूटर का आविष्कार संभव हो पाया बाइनरी लैंग्वेज से और इस लैंग्वेज का आविष्कार भारत के ऋषि ने किया था। जिन्होंने वैदिक गणित को इसका आधार बनाया अर्थात् कंप्यूटर की जननी संस्कृत भाषा है। क्या आप सब जानते हैं कि नासा के वैज्ञानिक सुपर कंप्यूटर बनाने की तैयारी में हैं? उन्होंने इसके लिए संस्कृत भाषा को अपना माध्यम बनाया है। उनका कहना है कि 2035 तक संस्कृत भाषा की सहायता से हम सुपर कंप्यूटर बना लेंगे। इसके लिए वह अपने देश में अपने बच्चों को संस्कृत भाषा मुख्य विषय के रूप में पढ़ा रहे हैं। नासा के वैज्ञानिक खुद भी साठ हजार ग्रंथ का अध्ययन करने के लिए संस्कृत भाषा सीख रहे हैं।

रंजीत - क्या सच में?

चैतन्य- हाँ, यह सब जानकारियाँ इंटरनेट पर उपलब्ध हैं।

अनंत- हाँ, सही कहते हो, मित्र! और एक हमारे देश

के लोग हैं जो हिंदी भाषा और संस्कृत भाषा सीखने – सिखाने में व प्रयोग करने में पिछड़ेपन का अनुभव करते हैं, हीन भावना से ग्रसित रहते हैं।

चैतन्य - संस्कृत भाषा विज्ञान का आधार है, क्योंकि संस्कृत भाषा के श्लोक में विज्ञान की जानकारियाँ भरी पड़ी है। कोई समझने, उपयोग और खोज करने वाला भारतीय होना चाहिए। किंतु समय रहते यदि हम जागरूक नहीं बने तो हमें मानसिक रूप से अंग्रेजों का गुलाम बनने से मुक्ति नहीं मिलेगी।

सभी- (एक साथ बोलते हैं) तुम्हारी बातों से हमें बहुत प्रेरणा मिली। अब हम सब संस्कृत अवश्य सीखेंगे और अपने देश के इतिहास पर गर्व करेंगे व करवाएंगे।

(पर्दा गिर जाता है।)

भव्य सिंह रावत  
सातवीं/ ब

## बूझो तो जाने (पहेलियाँ)

- 1) मेले में घूम कर खुश हो जाता मित्र ।  
चेहरे बनाकर खींचता यादों के चित्र ।।
- 2) उल्टा जपा अपने राम को पा गए ।  
डाकू, सज्जन बन दुनिया में छा गए ।।
- 3) अंग्रेजी शब्द का आरंभिक - अंत मिलाया,  
अर्थ गहन उसका पापा निकल आया,  
मध्य 'वि' शेष ज्ञान दे विद्यालय कहलाया ।
- 4) खाने पर आग उगलती है ।  
लाल हरी है हमें छलती है ।।
- 5) मार से उसकी दर्द ना होए।  
ज्ञानी बनाकर, खुशी से रोए ।।
- 6) मास्टर जी के हाथ में जाकर,  
उसका मारकबल बढ़ जाता,  
गंगाराम जैसा नाम कहलाता ।

- 7) ऐसा कुल है गाँव कहलाता।  
गाय पालकर चारा खिलाता ।।

## उलझन

पापा कहते बनो डॉक्टर  
माँ कहती इंजीनियर!  
भैया कहते इससे अच्छा  
सीखो तुम कंप्यूटर!  
चाचा कहते बनो प्रोफ़ेसर  
चाची कहती अफ़सर  
दीदी कहती आगे चलकर बनना तुम्हें कलेक्टर  
बाबा कहते फ़ौज में जाकर  
जग में नाम कमाओ!  
दादी कहती घर में रहकर ही उद्योग लगाओ!  
सबकी अलग - अलग अभिलाषा  
सबका अपना नाता!  
लेकिन मेरे मन की उलझन  
कोई समझ न पाता!

## भारत के पर्यटनस्थल

जब द्वीपों की बात आती है तब सभी के मन में एक मशहूर द्वीप 'मालदीव' नाम याद आता है। पर क्या हमारे भारत के द्वीप या टापू किसी विदेशी टापू की तुलना में कम हैं? जैसे लक्षद्वीप की बात करें तो उसकी खूबसूरती की कोई तुलना ही नहीं। इसे मिनिक्ॉय द्वीप भी कहा जाता है। यह द्वीप केरल के तटीय शहर कोच्चि से दूर अरब सागर में स्थित है। इसी तरह दमन, दीव, अंडमान निकोबार द्वीप भी है जहाँ कई प्रकार की आदिवासी तथा कबीलों की जीवन-शैली एवं रीति-रिवाजों को मानने वालों का एक बड़ा समूह है इन सभी स्थानों की खूबसूरती शांत वातावरण आँखों को मोह लेने वाला है।

हमें इस प्रकार के द्वीपों को पर्यटन स्थलों में परिवर्तित करना चाहिए। इस कार्य में सरकार के साथ हम भी सहयोग कर सकते हैं। जब भी हम वहाँ जाएँ

उसके चित्र खूबसूरत तस्वीर को सोशल मीडिया के माध्यम से दिखाएँ। वहाँ के रेल यातायात तथा हवाई यातायात को किसी भी अन्य स्थान से आने जाने के लिए सुविधाजनक बनाये। वहाँ भारत के रीति-रिवाजों, इतिहास, संस्कारों को दर्शाते हुए संग्रहालयों का निर्माण करें। इस प्रकार लोगों को आनंद की अनुभूति के साथ ही साथ भारतीय सभ्यता का भी परिचय प्राप्त होगा। आजकल की भागदौड़ की दिनचर्या से दूर लोगों को ऐसी जगह जहाँ हरियाली, शुद्ध वातावरण व शांति मिले ज्यादा आकर्षित करती हैं। पर्यटकों की भीड़ तथा सुविधा प्राप्ति के लिए इमारतों तथा कारखानों का निर्माण नहीं होना चाहिए। किसी भी प्रकार से इसकी स्वच्छता एवं सुंदरता से समझौता नहीं किया जाना चाहिए।

## “भारत के उत्तर पूर्व में” मणिपुर

भारत के अभिन्न अंग उत्तर-पूर्वी राज्य भारत के क्षेत्र मात्र नहीं है, अपितु प्राकृतिक संसाधनों से भरपूर सांस्कृतिक विभिन्नताओं और अभिन्नताओं से युक्त अमूल्य स्रोत हैं वहाँ के नदी, पहाड़, पेड़-पौधे, जल प्राणियों के जीवन की आधारशिला हैं। प्रकृति से जुड़कर यथार्थ का चिंतन करने वाले भारत की प्राणशक्ति कहलाने वाले ये उत्तर-पूर्वी राज्य सात बहनों के नाम से भी जाने जाते हैं।

भारत की ये सात बहने भारतीय संस्कृति में प्रचलित सभ्यताओं के सातलोक हैं। जिनके दर्शन मात्र से न केवल पर्यटक भावाभीभूत हो जाता है, बल्कि भारत की आत्मा को यदि जानने की कोशिश की जाए तो इनसे ही शुरुआत करनी होगी, उन्हीं में से एक है मेरी पैत्रिक और जन्मभूमि मणिपुर!

भारत की पूर्वी सीमा पर स्थित मणिपुर राज्य 23.83 उत्तर और 25.68 उत्तरी अक्षांश व 94.78 पूर्वी देशांतर के बीच पड़ता है। एक ओर तो पूर्व में म्यांमार है तो नागालैंड उत्तर पश्चिम मणिपुर की भौगोलिक स्थिति दर्शाता है। उत्तरी तथा पूर्वी इलाकों में ऊँची पहाड़ियाँ हैं और मध्य भाग में मैदान है। यहाँ हर पहाड़ के बीच में कोई नदी बहती है।

यहाँ तीन जनजातियाँ मुख्यरूप से निवास करती हैं घाटी में मीतई जनजाति और विष्णुप्रिया मणिपुरी रहती हैं तो नागा और कुकी-चीन जनजातियाँ पहाड़ियों पर रहती हैं। प्रत्येक जनजाति वर्ग की खास संस्कृति और रीति-रिवाज हैं जो इनके नृत्य, संगीत व पारंपरिक प्रथाओं से दृष्टिगोचर होता है। मणिपुर के लोग कलाकार होते हैं। साथ ही सृजनशील होते हैं। जो उनके द्वारा तैयार खादी व दस्तकारी के उत्पादों में झलकती है। ये उत्पाद विश्वभर में अपनी डिज़ाइन, कौशल व उपयोगिता के लिए जाने जाते हैं। यहाँ नेपाल से आकर बसे नेपालियों की भी अधिक संख्या है, जो मणिपुर के कई इलाकों में बसे हैं।

मणिपुर की पवित्र धरती पर मेरा जन्म होना वहाँ बड़ा होना, जीवन की नींव का वहाँ की मिट्टी से पोषित होना, मेरे लिए सौभाग्य की बात रही है। इन पहाड़ों ने न केवल

मेरे जीवन को मजबूती प्रदान की है अपितु मेरे शरीर और मन को पहाड़ों की तरह मजबूत बनाया है जो अपने लक्ष्य की प्राप्ति में अडिग रहते हैं। यही कारण है मेरी वैचारिक शैली सकारात्मक आशावाद से भरपूर रही है।

मैं एक मीतई हूँ और सांस्कृतिक नृत्य और रिवाज को मेरे पालन पोषण में घोला गया है। त्योहार या परिवार समारोह के दौरान मणिपुरी नृत्य के सुरीले संगम को देखकर मुझे अपनी मूल जड़ों से जुड़े होने का गहरा गर्व होता है। हमारी सांस्कृतिक पहचान सिर्फ हमारी पहचान का हिस्सा नहीं है। यह हमारे जीवन के हर पहलू में बसा हुआ है। मणिपुर के दृश्य केवल नजारों के लिए नहीं हैं। वह मेरी यादों का पृष्ठभूमि है। वह झील जिसमें तैरते हुए मेरे सुनहरे बचपन के कुछ क्षण बीते हैं, सिर्फ एक पर्यटन स्थल नहीं है यह एक जगह है जहाँ मैंने दोस्तों के साथ अपना बहुमूल्य समय बिताया है। जिनकी कहानी मेरे साथ हमेशा के लिए रहेगी हमारे चारों ओर के हरे-भरे पहाड़ हमारी सफलता और कठिनाइयों के गुप्त साक्षी हैं।

यह एक अच्छी बात है कि भारत सरकार उत्तर पूर्वी राज्यों की ओर ध्यान देने लगी है किंतु वहाँ की शिक्षा दीक्षा और आर्थिक समृद्धि के लिए अभी बहुत से काम होने बाकी हैं। मुझे उम्मीद है कि सरकार के साथ-साथ हम बच्चे भी बड़े होकर अपनी मिट्टी की जड़ों से जुड़कर उसके उत्थान के कार्य में संलग्न हो जाएंगे।

## ॥ आदित्य एल - 1

सूर्य के रहस्य अब तक अनसुलझे हैं। सूर्य पर विश्व के कई देशों ने अध्ययन किये लेकिन पूरी तरह से सफल नहीं हो पाये। सूर्य हमारे 3 सौर मंडल का सबसे निकटतम तारा है। सूर्य हमारे सौर मंडल के केंद्र में स्थित हाइड्रोजन और हीलियम से युक्त एक चमकता तारा है। सूर्य की उम्र लगभग 45 अरब से भी ज्यादा है। यह पृथ्वी से लगभग 15 करोड़ किलोमीटर दूर है। ये हमारे सौर मंडल का सबसे बड़ा तारा है। भारत ने सूर्य पर अध्ययन करने के लिए देश के पहले सौर मिशन

आदित्य-एल 1 को 2 सितंबर 2023 शनिवार को आंध्र प्रदेश के श्रीहरिकोटा स्थित सतीश धवन स्पेस सेंटर से सफलतापूर्वक लॉन्च किया आदित्य-एल 1 एक सौर मिशन है, जिसके माध्यम से सूर्य का अध्ययन किया जायेगा। हालाँकि चंद्रयान-3 की भाँति यह सूर्य पर लैंड नहीं करेगा। पृथ्वी से यह अंतरिक्ष यान अपने निर्दिष्ट स्थान तक पहुँचने के लिए लगभग 15 लाख किमी की दूरी तय करेगा। अंतरिक्ष यान को सूर्य - पृथ्वी प्रणाली के लैगरेंज बिंदु-1 (एल 1) के चारों ओर एक प्रभामंडल कक्षा में स्थापित करने की योजना है। पृथ्वी से सूर्य का ग्रेविटेशनल पुल 25 गुना ज्यादा है, ऐसे में आदित्य-एल 1 को ऐसी जगह स्थापित करना होगा जहाँ वह इस ग्रेविटेशनल पुल 25 गुना ज्यादा है, ऐसे में आदित्य एल-1 को ऐसी जगह स्थापित करना होगा, जहाँ वह इस ग्रेविटेशनल पुल से बच सके। सौर मिशन आदित्य-एल 1 को अपने निर्दिष्ट स्थान यानी लैगरेंज प्वाइंट तक पहुँचने में कम से कम चार महीने का समय लगेगा।
